DEDICATION

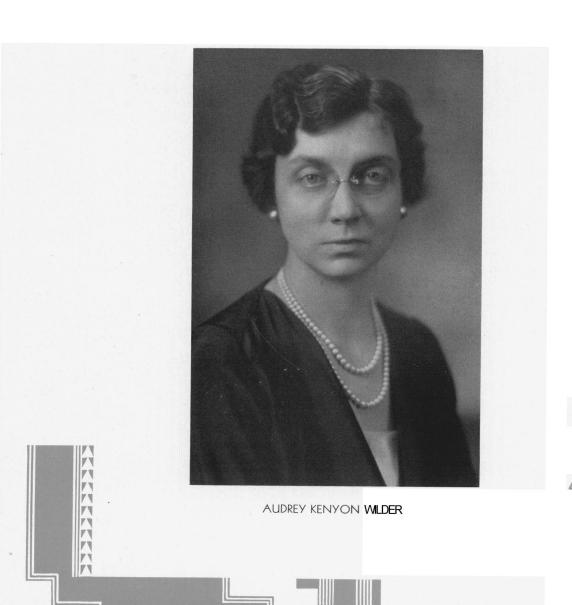

To Audrey Kenyon Wilder

in grateful appreciation of her friendly interest and inspiring guidance in all phases of our college life, we respectfully dedicate this volume.

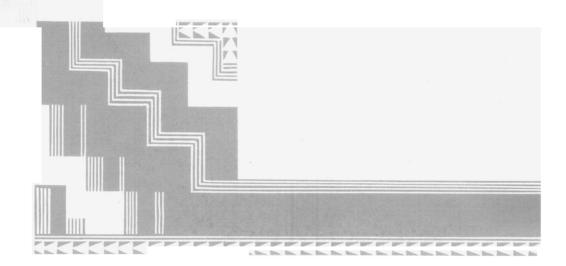

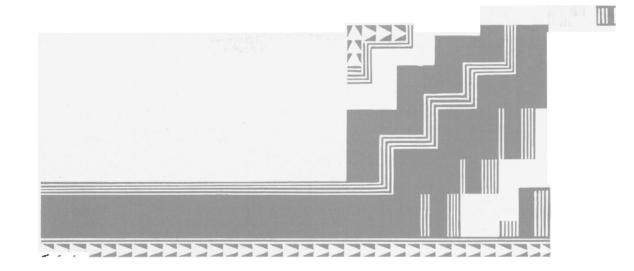

FOREWORD

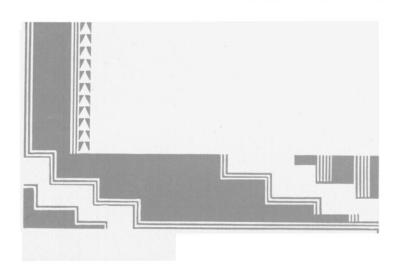

AS a tribute to a boundless Future, glorious in achievement from a past already rich in attainment, as a fascinating chronicle of lasting friendships and memories of joyous days spent in work and play, as a recognition of our striving to mold high-hearted visions into realities, and as a reminder that we have built higher the art of harmonious and happy living, we have created this twenty-second chapter of the story of our University.

A CAMPUS WALK

It is a very great pleasure indeed to avail myself of the opportunity of writing a brief message to the graduating class and the student body of Ohio Northern University. You are to be congratulated upon being in that select number of men and women for whom a higher education is available. This opportunity for higher education, however, carries with it correspondingly great responsibilities. In a real sense you are to be stewards of the well-being of your fellow men because of the training, fellowship, and social opportunities that Ohio Northern is bestowing upon you. The world rightly expects your educational investment to return dividends, not only to yourselves, but also to our civilization generally.

It should be borne in mind that your cultural and professional training are but the means of making possible greater usefulness on your part on behalf of the generations

with whom you are to be thrown in contact.

May I ask therefore, not only that the good wishes of the University shall accompany you, but that the blessing of divine providence itself will signalize your entrance into the world of affairs and abundantly enrich all your efforts for the well-being of yourselves and others.

-Robert Williams.

THOMAS JEFFERSON SMULL

Business Manager

Theta Nu Epsilon, Phi Gamma Delta, Beta Xi Alpha, Alpha Phi Gamma, Pi Gamma Mu; M. E., C. E., Ohio Northern University; Eng. D., Oglethorpe; Professor of Civil Engineering, Dean of College of Engineering, Ohio Northern University.

ZILLOH LA VERNE DARING

Treasurer and Instructor in Accounting

Alpha Xi Delta, Gamma Epsilon Pi; B. Sc. in Business Administration, A. M., Ohio State University.

MARGARET ELEANOR WHITWORTH

Registrar and University Entrance Examiner

B. S., Geneva College.

MAY FRANCES COGSWELL
Assistant Registrar

A. B., University of Kentucky.

HARVEY EVERT HUBER

Dean of the George Franklin and Sarah Catherine Getty College of Liberal Arts

Sigma Phi Epsilon, Kappa Psi, Alpha Phi Gamma;
 A. B., Ohio Northern University;
 A. M., Yale University;
 Professor, Bluffton College.

JOHN ALFRED NEEDY

Dean of the College of Engineering

Pi Kappa Phi; B. S. in M. E., M. E., University of Kentucky; M. S. in M. E., Purdue University; Associate Member, A. S. M. E.; Member, S. P. E. C.; Instructor in Manual Training, Witherspoon College, Buckhorn, Kentucky; Professor of Mechanical Engineering, Ohio Northern; Instructor in Mechanical Engineering; Assistant Professor of Mechanical Engineering, Purdue; Dean of Engineering; Consulting Engineer for the University, Ohio Northern University.

RUDOLPH HENRY RAABE

Dean of the College of Pharmacy

Theta Nu Epsilon, Kappa Psi, Pi Gamma Mu; Ph. G., Ph. C., Ohio Northern University; Phar. D. University of Havana.

HERMAN JACOB WEBER

Acting Dean of the Warren G. Harding College of Law

Delta Theta Phi, Phi Mu Delta, Order of the Coif; A. B., Heidelberg University; LL. B., Western Reserve University; A. M., Columbia University.

John Austin Potter

Dean of Men

Kappa Kappa Psi; B. S., Ohio Northern University; B. D., Northwestern University; (Garrett Biblical Institute).

Audrey Kenyon Wilder

Dean of Women

Delta Gamma; A. B., Albion College; A. M., Columbia University; Instructor, Albion College.

FRANK LEWIS LOY

Director of the Division of Teacher Training

Phi Delta Kappa; B. S. in Ed., Ohio Northern University; A. M., Columbia University.

Clyde Albert Lamb

Director of the Department of Physical
Education

Kappa Delta Pi; B. E., Coe College; M. A., Columbia University.

Agnes Auten Librarian

Pi Gamma Mu; A. B., Bluffton College; Drexel Institute, School of Library Science; Assistant Cataloger, Library of the University of Missouri.

Arlene Bishop Pooler Dietitian

B. S. in Home Economics, Kansas State.

ELIZABETH MEYERS

Secretary to the Business Manager

Graduate in Commerce, Ohio Northern University.

Mrs. Alyce Warren
Secretary to the President
Tau Kappa Kappa.

Kathryn Reese Secretary to Dean of Women and Director of Teacher Training

Ohio Northern University.

Dorothy Evelyn Gustason

Secretury to the Department of Physical

Education

Graduate of Lima Business College.

Lois Hanna Fenton

Assistant to the Treasurer

Gamma Epsilon Pi; B. S. in Business Administration, Ohio State University.

RICHARD HOLMES SCHOONOVER

Professor of Ancient Languages
Phi Gamma Delta, Theta Nu Epsilon, Phi
Beta Kappa, Torch Club; A. B., A. M.,
Northwestern Ohio Normal School; A. B.,
A. M., Ohio Wesleyan University; B. D.,
Drew Theological Seminary; Thirty-nine
years teaching at Ohio Northern University.

WILLIAM PETER LAMALE
Professor of Piano and Organ
Mus. B., Oberlin College Conservatory;
Student with Tobias Matthay and Matilda
Verne, London; Ernest Hutcheson, Lake
Chatauqua; Edwin Hughes, Columbia University; Scionti and Palmer, American
Conservatory. (On leave year 1931-32).

A. B. CLIFFE DEMING Professor of Speech

Theta Nu Epsilon, Theta Alpha Phi; A. B., O. B., A. M., Ohio Normal University; Graduate, Emerson School of Oratory.

GUY HERBERT ELBIN
Professor of Civil Engineering

Sigma Pi; B. S. in C. E., Ohio Northern University; C. E., Ohio Northern University.

Childe Harold Freeman Professor of English Literature on the John Davison Chair

Sigma Phi Epsilon, Alpha Phi Gamma; B. S., Ohio Northern University; Lit. D., Taylor University.

> Walter Gray Professor of Psychology

B. S. in Ed., Ohio Northern University; A. M., Ohio State University.

> Franklin Lewis Berger Professor of Physics

Sigma Pi; A. B., Ohio Northern University; B. S., University of Chicago; M. S., Ohio State University.

WILFRED ELLSWORTH BINKLEY Professor of Political Science

Sigma Phi Epsilon; B. S., Ohio Northern University; A. B., Antioch College; A. M., Ohio State University; Professor of Political Science, Ohio State University.

IVOR ST. CLAIR CAMPBELL

Professor of Electrical Engineering
Phi Mu Delta; B. S. in C. E., B. S. in E. E.,
M. E., Ohio Northern University; M. Sc. in
E. E., Ohio State University; Associate
Professor of Electrical Engineering at
Ohio State University.

James Albert Whitted Professor of Mathematics

Delta Sigma Phi; Ped. B., Ph. B., A. M., Southwestern College; Dean of Hedding College.

JOHN THEODORE FAIRCHILD Professor of Mathematics

Delta Sigma Phi; A. B., Ohio Normal University; A. M., C. E., Ohio Northern University; Ph. M., Carnegie Institute; Head of Crawfis College.

ALEXANDER RAFFEN WEBB Professor of Civil Engineering

Delta Sigma Phi; Sigma Xi; American Society of Civil Engineers; B. Sc. in C. E., Armour Institute of Technology; M. Sc. in E., University of Michigan; C. E., Armour Institute; Professor of Civil Engineering, Highland Park College and Des Moines College; Assistant Professor, Civil Engineering, University of Idaho; Professor of Civil Engineering, University of the Phillipines, Manila.

JESSE RAYMOND HARROD Professor of Chemistry

Delta Sigma Phi: B. S. in Ed., Ohio Northern University; B. S., Ohio Northern University; M. S., Ohio State University.

CLAUDE WESTCOAT PETTIT Professor of Law

B. A., Ohio State University; LL. B., Western Reserve University; (On leave year 1931-32).

Edwin Vergon Smith Professor of Law

Sigma Delta Kappa; A. B., LL. B., Ohio Northern University.

WINONA PEARL GEETING Professor of Education

B. S. in Ed., Miami University; A. M., Ohio State University; Director of City and County Normal, Chillicothe; Supervisor Columbus City Normal.

MAUD MAY HALEY

Professor of Education
Pi Lambda Theta; Normal Diploma, Bowling Green; B. S. in Ed., Ohio State University; A. M., Ohio State University; Teacher Training and Supervision in Medina County.

Louis Rowell Herrick Professor of Modern Languages

Projessor of Modern Languages
Phi Delta Theta: B. S., Amherst College;
A. M., Ph. D., University of Wisconsin;
Instructor in Modern Languages, Massachusetts State College; Instructor, University of Wisconsin; Professor of Romance
Languages, University of Hamlin; Professor, Cornell College.

CLARA EVE SCHIEBER Professor of History

American Historical Association; Pi Gamma Mu; American Academy of Political and Social Science; B. S. in Ed., Ohio University; A. M., Clark University; Ph. D., Clark University; Professor at Kingfisher College; Professor at Oxford College; Summer teaching at Wittenberg.

CHARLES RAYMOND ATKINSON Professor of Economics and Business Administration

Administration

Alpha Sigma Phi, Delta Sigma Pi, Pan Zenia; A. B., George Washington University; M. A., Ph. D., Columbia University; Professor, Political Science and History; Ursinus College; Head, Department of Economics and Politics, Lawrence College; Dean, Department of Business Administration, Marquette University; Head, Department of Transportation, University of Washington; Dean, Department of Economics and Business Administration, Hillsdale College.

HERSCHEL LITHERLAND

Professor of Education
Phi Delta Kappa; O. B., A. B., Greenville
College; A. M., University of South DaFota; Ph. D., University of Cincinnati;
Principal, Wessington Springs Junior College; Instructor, University of South
Dakota; Instructor, University of Cincinnati; Dean, College of Liberal Arts, Greenville College.

RAYMOND ANSON DOBBINS

Assistant Professor of Biology
Gamma Alpha, Sigma Xi; B. S., Ohio
Northern University; A. B., M. S., Ohio
State University; Instructor in Botany,
Ohio State University.

HORACE GERALD DEWEES Professor of Voice and Head of the Department of Music

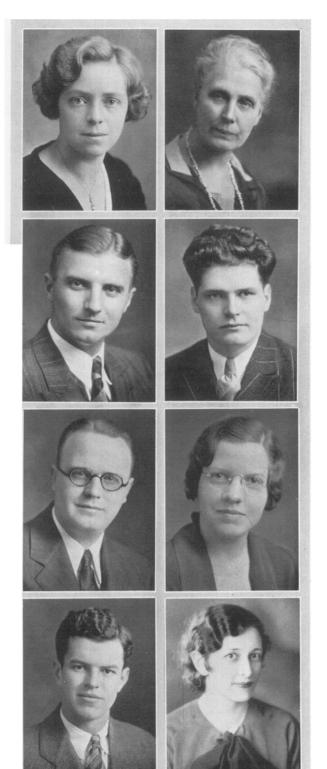

Theta Kappa Nu, Phi Mu Alpha, Phi Delta Kappa, Beta Pi Theta; A. B. and Diploma in Voice, Eureka College; B. M. E., M. S. E., Northwestern University; Private Voice study with F. J. Sucher of Los Angeles, Norval Brelas of New York City, G. W. Gunnof, Eureka College, L. P. Shawe of Northwestern University.

ROY EUGENE GEETING

Assistant Professor of Economics and Business Administration

B. S., Miami University; M. A., University of Michigan; (On leave year 1931-32).

MILDRED SHARP BRUCKHEIMER

Assistant Professor of Physical Education

B. S., M. A., Columbia University.

ELLA IRICK

Instructor in Piano

Ohio Northern University; student with William Sherwood. Georgia Kober, Eliza Woods; Course in Dunning system under Miss Eddy.

HARRIS LAMB

Assistant Professor of Physical Education and Coach

A. B., Coe College; M. A., Columbia University.

MARSHALL E. CLOSE

Instructor in Pharmacy

Lambda Chi Alpha; B. S. in Pharmacy, Ohio State University.

ROBERT CHALMERS GIBSON

Assistant Professor of Chemistry

Alpha Tau Omega, Alpha Chi Sigma, Lambda Upsilon, Sigma Xi; **B.** S., Adrian College; M. S., Ph. D., University of Michigan.

ALICE OLIVE MOORE

Instructor in Piano and Public School Music

Sigma Alpha Iota, B. M. E., Northwestern University.

LAWRENCE FREEMAN

Instructor in English

Alpha Phi Gamma; A. B., Ohio Northern University.

LUCILLE McCall

Instructor in Home Economics

A. B., Southwestern College; M. S., Kansas State College; Instructor, Iola Junior College. Iola, Kansas.

CARL HILDING MANSON Instructor in Law

A. B, LL. B., S. J. D., University of Michigan.

Alphonse Andrew Gailewicz Instructor in Music

Mus. B., Oberlin Conservatory of Music; Instructor, Piedmont Music College.

MARY FRANCIS AUSTIN Instructor in Organ

Sigma Alpha Iota: Teacher's Diploma, College of Music of Cincinnati; Student in organ under Dr. Sidney C. Durst, Cincinnati College of Music; Student in piano with Hans Rischard.

EULA LINDA SMITH Instructor in Pharmacy

Ph. C., Ohio Northern University.

Laura May Kampmeier Instructor in Modern Languages

Phi Kappa Phi, Phi Sigma Iota; A. B., Coe College; M. A., State University of Iowa. Instructor in German, Coe College.

MYRON HANNA Instructor in Pharmacology

M. D., Eclectic Medical College; Ph. G., Ohio Northern University.

Ohio Northern's Endowment Program

SLEESMAN

OHIO NORTHERN UNIVERSITY was founded in 1871 as a normal school and received its charter as a university in 1885. Its first class of eleven members was graduated in 1874. For nearly thirty years it was maintained as a private institution, under the ownership and control of its noble founder,

Dr. Henry Solomon Lehr.

During this period, students came by the thousands. Operating costs were not high, so tuitions were extremely low. Because of the large numbers attending, it was possible to maintain the school without a serious financial problem.

As time bore on, bringing changing conditions, the prophetic vision of the founder led him to see that the University could not continue indefinitely as a private enterprise. After negotiating with various church groups, in 1898, Ohio Northern became the property of the Methodist Episcopal Church.

The next three decades were marked as periods of growth and expansion, chiefly of plant and equipment, until today the total valuation is \$1,061,212.00. Until late in the last decade the cost of operation could still be met by nominal tuition charges. Then conditions changed. Costs began to soar. Competition grew keener. College associations and accrediting agencies were established, with endowment requirements as a basis for membership. Stronger foundations and a larger support for the University became imperative. In 1927, nearly \$200,000.00 were added to the endowment from a church campaign. Today the total endowment is approximately \$500,000.00.

However, this is far too inadequate to enable the school to take her rightful place among the institutions of higher learning. With the advent of the present administration, for the first time serious attention has been given to the permanent foundations, and a program for endowment established. At present two field men are employed and plans are under way whereby an additional endowment of one million dollars may be secured within the next ten years. One half of the amount, it is hoped will come from alumni and former students. The whole program has been seriously retarded by the current economic situation.

The Ohio Northern University Alumni Association

It is difficult to think of a more ideal life than that of a student in the modern, well-regulated university, where the ambitious youth may drink at the well of inspiration and quench his thirst for knowledge. Not that this thirst may be completely satisfied, but an ideal foundation in a pleasant environment is laid that will carry us through the turmoil of life if we lose not the fundamental lessons of college experience.

NISWANDER

How may this inspiration and thirst for knowledge be maintained as a guiding principle through life? How may we keep alive the great ideals that spurred us to greater accomplishments? The answer must be given individually but it is accomplished collectively. It is to keep the lamp of that inspiration well trimmed and filled with the fond memories of our associations.

The Ohio Northern University Alumni Association was organized by former students who realized the meaning of Ohio Northern in their lives. How that fire can and should be kept aglow, that has been kindled in the form of a greater desire for accomplishment. The fine fellowship of old friends made during college life, the traditions that guided our paths in the various organizations, and the knowledge that this is carrying on in the years following our graduation, should be of keen interest to all.

This is the purpose of the Alumni Association. To keep all informed as to the progress of Alma Mater. To inspire us to do something in return for what Alma Mater has done for us. The buildings, equipments, and traditions are evidences of sacrifices made by others for our good. Let us not be indifferent to the importance of a rich heritage to those who follow. We should give society something in return for what it gave us.

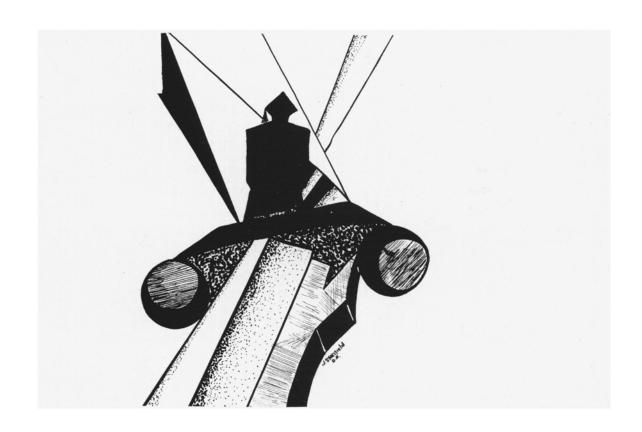

Not only is it vital to determine the character of our new friendships, but it is very important that the earlier ties should be continued. The most successful factor in this permanent link up is the Alumni Association. While we thus have uppermost in our minds the welfare of our college mother, we are at the same time building up an Association that is so vital in our life's activities.

The identity and unity of the class of 1932 can only be maintained through this organization. Your experience will be like that of previous classes. Individual members are anxious to know of the success of their classmates. Do not lose sight of this opportunity for the good of Ohio Northern and the personal satisfaction that it will bring you.

SENIORS

PREPARED FOR ACHIEVEMENT" is the epithet which marks the 1932 graduating class.

With the closing of the portals of Ohio Northern behind the class of 1932, vacancies in the ranks of every campus activity will have to be filled. This year's senior class has been outstanding in the instigation and promotion of many of the vital factors in the campus life of the University. More important, however, is the fact that it has been consistently strong in all the progressive undertakings which have made themselves manifest since September, 1928.

That memorable occasion found, as it always does, timid young women and bashful young men knocking at the doors of opportunity. Before the knocking had become too pronounced the sophomores had their inning as strong freshman lungs bellowed forth lusty cheers and enthusiastic songs in praise of Alma Mater. Freshman caps in those days were worn with religious regularity. The co-eds underwent their week of nonsense in admirable fashion, and failed not in the years which followed to make certain that their successors fully appreciated the dignity of University life.

Fraternities claimed many of the men who were to later become outstanding leaders on the campus, but during the first year, sororities were non-existent.

The advent of the new administration marked the beginning of the sophomore year. Fraternities for women definitely established themselves, and members of the class began to take part in activities throughout the University. In athletics, debate, dramatics, journalism, oratory, and music their influence was felt.

During the last two years, advance in accord with this auspicious debut has made itself manifest. Members of the senior class have been main-cogs in the machinery which has lifted Ohio Northern from the doldrums of athletics to a new position of reputation and prominence in the Ohio Conference. Championships in baseball and fencing have been won by the Orange and Black, and all-time records for success in other sports have been made. Honors in the form of selection of its members on all-Ohio conference teams have been a part of the contribution which this year's class has made. More

lasting and important is the new spirit of competition and zest for achievement that has been the outgrowth of this new success.

Meritorious records in debate, dramatics, journalism, and religious work have been an outgrowth of the earnest endeavors in those activities which members of the '32 class have put forth.

New honorary fraternities in biological science and modern languages have come to the University and have received impetus from the efforts of the members of the senior class. The strength of the older honoraries has been increased and the value of membership in those organizations has been enhanced. The seniors list among their number members who have been outstanding in many of these honorary organizations. Records in scholarship and efficiency in many of the other activities leading to the honors later bestowed, have been set by those who graduate this June.

The Inter-Fraternity Council, an outgrowth of the old Pan-Hellenic Council, has revised its constitution and methods of operation to suit the needs of the present day of development at Northern. The '32 class has seen its male members take a leading role in this change for the better. It has also seen its co-ed members mold the Women's Pan-Hellenic Council into an organization capable of carrying the sororities through the treacherous first few years of their existence.

Improvement in the social life of the campus, and in the development of a well-ordered plan for further advancement along this line has been a part of the work of the new administration which has received whole-hearted support from this year's graduating class.

In broadening the horizon of the University's activity, the seniors have done their part. Ever-widening athletic relations, musical broadcasts from various radio stations, gospel-team work, and other expeditions of a religious nature have materially benefited both University and participants.

The class of 1932 does not wish to give the impression that it alone has accomplished all the good works that have developed since its constituency first came on the campus. On the contrary, the seniors are proud of the fact that they have been able to cooperate with all the other classes in the development of a greater University; not only a University of the present day, but more important than that, one of the future. It has been the good fortune of this class and the contemporary groups to have the privilege of working under a far-sighted and wise administrator. Our Alma Mater of the future will continue to take important steps forward under his direction.

In this twentieth century, the idea in the minds of the graduates is not that they have finished their work, either for their school or for themselves, during their college days. Instead, the controlling thought is that during these four years, that work has only begun. For the leadership they wish to exert and the Christian influence they wish to spread as the years go by; for the good they wish to do for the educational institution which has done so much for them since they timidly approached its doors four years ago; for the mark that they wish to make for themselves in the world; for all these the seniors of 1932 pledge themselves to lives of faithful service to mankind.

OTHER CLASSES

DOWLING SPITLER CAMIN SANDROCK

The Junior Class

THREE YEARS AGO saw the beginning of an improved Ohio Northern University under the leadership of Dr. Williams. In that same year the class of 1933 entered the University. Along with the improvements brought about by our president in the development of a greater University, they have added much in the way of scholarship, athletics, social improvements, school activities and the development of leadership on the campus.

Many of the stars in both major and minor sports who will graduate with the class of 1933 have been instrumental in the steadily improving athletic standing of Ohio Northern. Last year two of Northern's teams won championships and it is certain that before this class graduates more championship teams will be marked to her credit.

The debating team, composed in great part of members of this class, are champions of the conference and all Northern gives them credit. In the realm of journalism the junior class stands supreme with the editors of both school publications, the Northern and the Review, members of its body. The class contributes other outstanding members of the staffs as well.

Societies of all sorts, literary, social and scientific have claimed its members ever since their matriculation. A social function such as a Junior Prom will in all probability be held next year, due in part to the efforts of this year's junior class.

Top row, left to right: Shively, Stiles, Messenger, Hindall, Levengood Fourth row: Wallace, Spitler, M. Brown, Ray, Gliemmo Third row: Spahr, Teple, Judkins, Patterson, Hester Second row: J. Williams, Lewis, Maxwell, Templeton, Johnson First row: Palmer, Siverling, Laubenstein, Houck, Baransy

First row: Boardman, Roraback, Kutza, Downing, Alpaugh, Rickenberg

Pennell Smila Roemisch Lindstrom

The Sophomore Class

To write a history of this class is quite a difficult task—they have had but little time to show their real worth as yet. So, about all we can do is predict and then hope.

Ever since the members of the class of '34 first greeted a new day as students of O. N. U. they began to make themselves known and appreciated. Until quite recently many of us felt a dire cloud of uncertainty holding back the natural show of love and affection for our Alma Mater. But now that we have been duly initiated into the rites and ceremonies of college life, and are almost "upper classmen" our attitude has been somewhat altered. We are now convinced that the next two years will bring us even more pleasurable activities, both mental and social, than those already experienced.

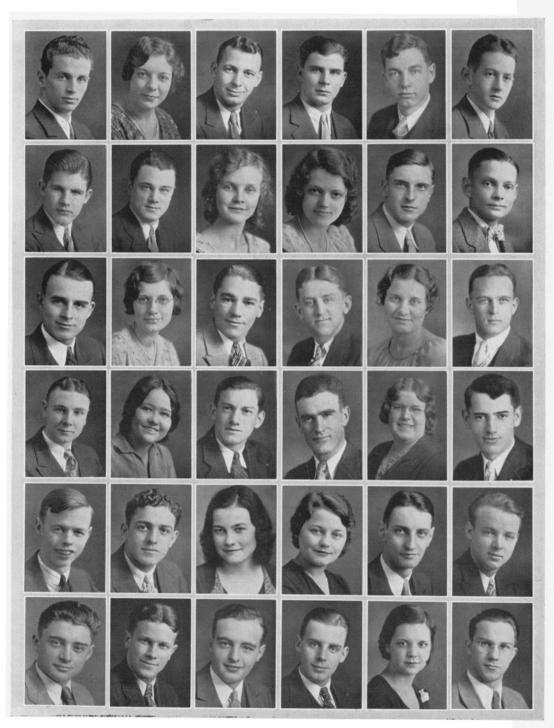

The class of '34 boasts of leaders in every line. She is very proud of her athletes who have shown no mean ability. One of them, Thomas Porosky, who has been outstanding for his work in athletics, was chosen for the All-Ohio Conference football team.

Some members of the class have already been honored with recognition and membership in the various honorary fraternities on the campus. And many of her illustrious members' names can be found gracing the honor roll each quarter which proves that we have brains as well as brawn.

ERSHICK

JONES

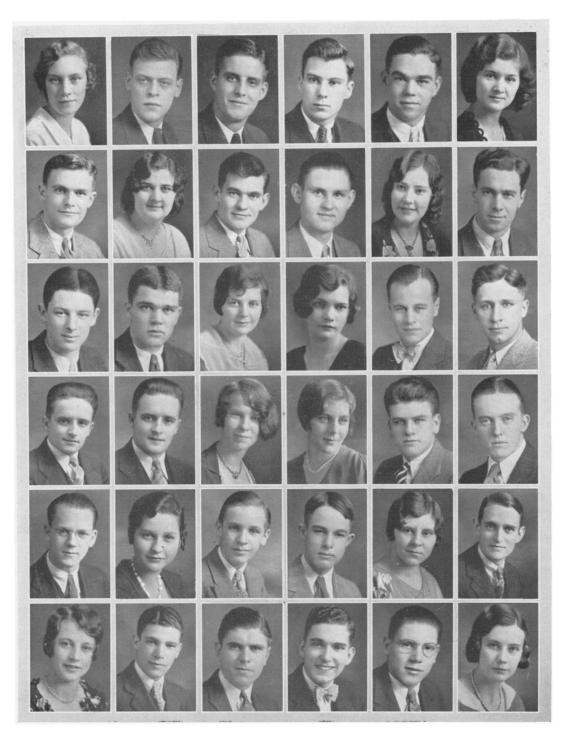

SUNDERMAN

The Freshman Class

RESHMEN! Enjoying the new experiences of college life and the opportunity to matriculate in the University. No matter what one might consider—whether oratory, scholastics, journalism, dramatics or athletics—the class of 1935 has contributed a great deal. It has made a constant effort to better itself during the past year, and by so doing to better all that is Northern's.

Perhaps the greatest accomplishment has been in the field of athletic endeavor. Seventeen freshman basketball awards were given with Milan Baker leading the list. Outstanding freshman football players were: Bales who was out for three major sports, Ayers, Heikowsky and Fling. Fourteen awards were given in football to freshmen.

The freshman class has shown a great deal of school spirit and the least that may be said about them is that they have actually gone into the game and have taken their share of the many responsibilities of campus life. Of course they are just beginning and they have three more years in which to work for themselves and the ideals for which our University stands. If this year's achievement can be taken as a criterion, there should be much success and progress in the history of the class of 1935 in the future.

Top row, left to right: Pease, Jones, Ershick, Jacobs, Snyder, Poor Fifth row: W. Miller, Stemen, McGee, Cockrell, Lang, Younkman Fourth row: McMillen, Shaffer, Betz, Borders, Bailey, Ellis Third row: W. McKelvey, R. Binkley, Peters, Stein, Skinner, Apple, Weinkauf

Turner Hall

SELDOM DO COLLEGE girls have the privilege of living in a home of such rich historic interest to the University as Turner Hall. But this stately old home, acquired from its recent owner, P. W. Turner in 1930 by the University and used as a residence for freshmen women, has from its very beginning been closely connected with important events at Ohio

Built in the late eighties by Henry Solomon Lehr, founder of the University, the house immediately became famous for the hospitality of its owner. Here came great groups of students many times each year; sometimes the Seniors with their shy new-found formality to the President's reception; sometimes—many times—the Y. M. C. A. and Y. W. C. A. in a body; sometimes cheerful, noisy crowds of serenaders, sure of the presidential greeting from the long veranda, and the presidential peanuts which Doctor Lehr kept ready to dispense

on such carnival nights.

But all these groups came so regularly that a crowd of students at the Lehr's caused no particular excitement. It was the distinguished, black-coated procession of governors, educators, and bishops through the years which by sheer force of numbers and personalities brought a rich aura of interest to the Lehr residence, an aura which somehow clings to the home even today. Especially memorable were the visits of the picturesque William Jennings Bryan. May of each year brought West Point judges for the big Military Contests. Perhaps the greatest crowds Ada has even seen swarmed over the town at the time of the debate on Free Trade between Governor Campbell and William McKinley whose later election as president. dent many trace to his success in this debate. The Lehr home seethed with its activity on this day, for over one hundred reporters from middle western cities were entertained at the presidential home for luncheon, and another great crowd was invited there for dinner that

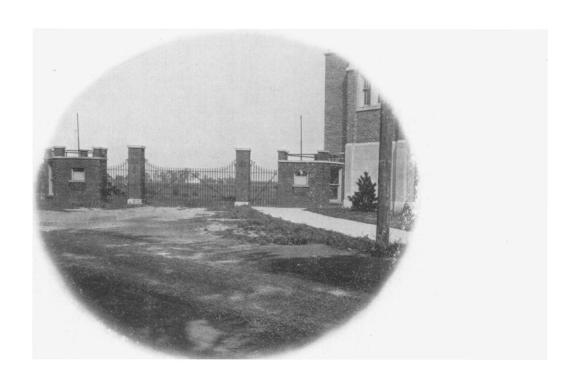

Of romantic interest to the girls of today is the story of the student courtship and wedding of Senator Simeon D. Fess to Miss Eva Thomas, who was at that time living with the Lehrs. That marriage was performed in what was then the front parlor of the Hall.

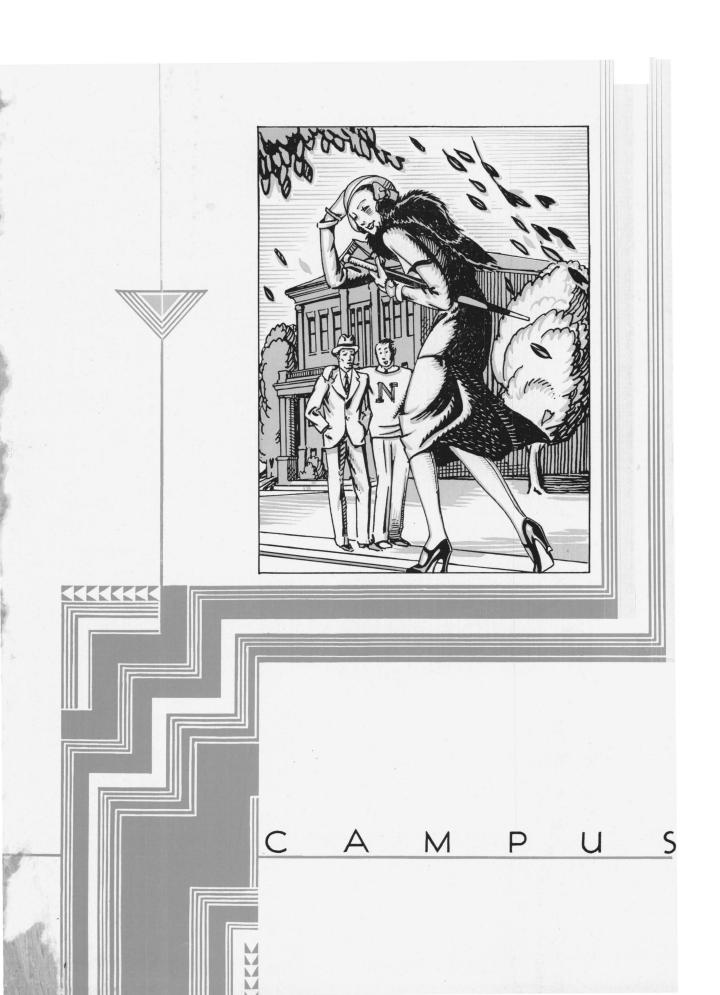

Another distinguished Ohio statesman, Frank B. Willis, was entertained many times by

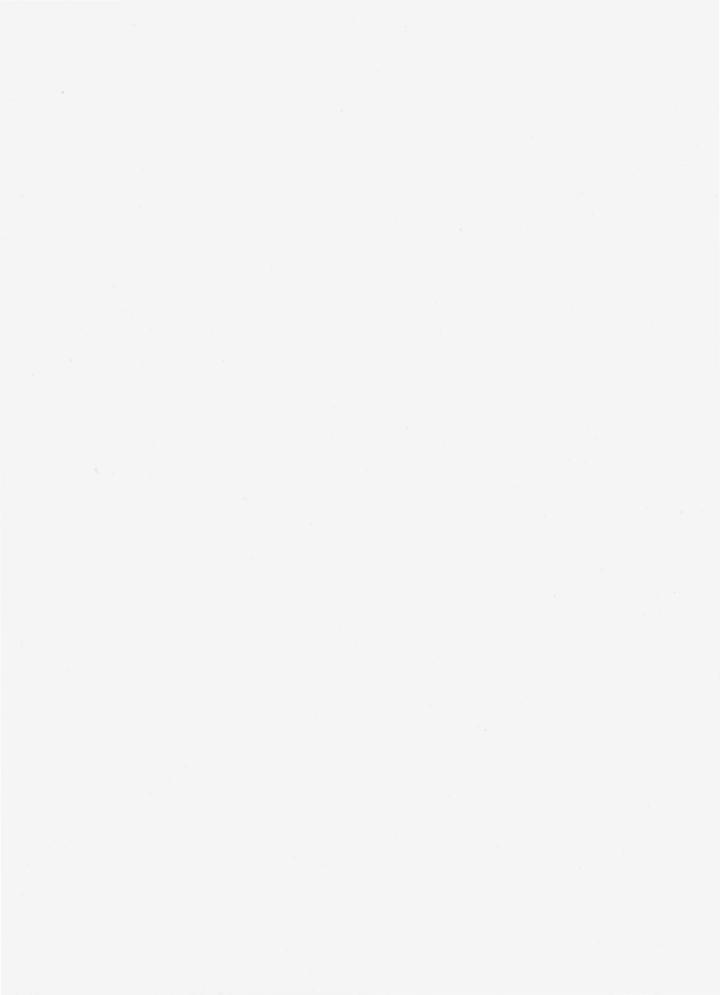

the Lehrs during his professorship at the University.

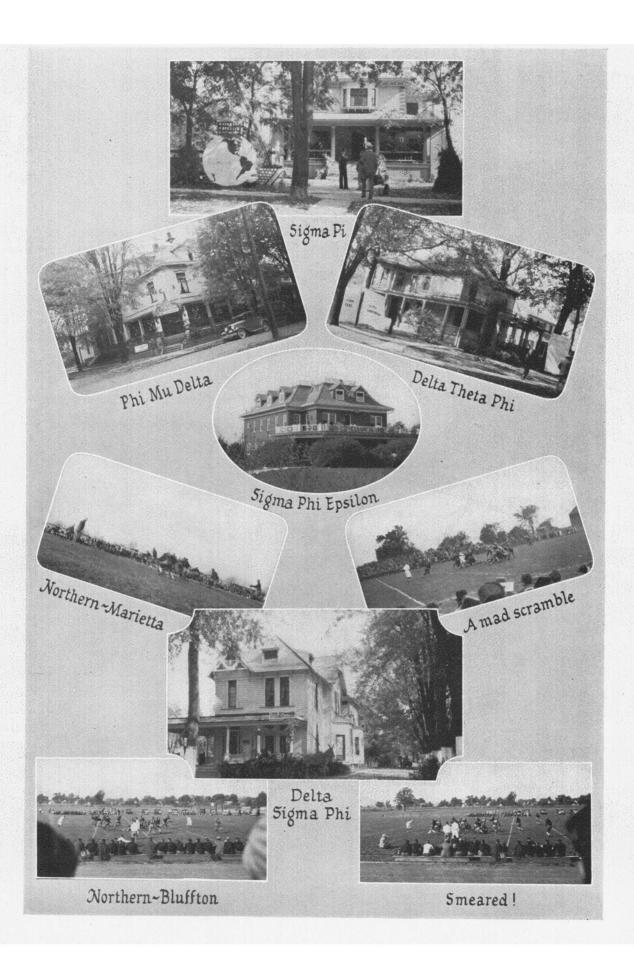

Today the great living rooms, with their high ceilings, their long windows, their oldfashioned fireplaces, echo to radio music and friendly student chatter; the huge bedrooms are gay with the color of their feminine occupants; the halls and curving stairway fill and refill with groups of girls. That students should again be at this home is especially fitting. And as its dignified old interior forms the background for the pageantry and problems of a modern college world, it is the ideal of the Hall that always the residence shall keep as a precious heritage for its college women the genial spirit and hospitality of the Founder, and the dignity and charm of its mistress, Mrs. Lehr.

Engineers' Executive Committee

THE ENGINEERS' EXECUTIVE COMMITTEE is a representative council of the Engineering College chosen from their midst by the officers of the four engineering societies. It was originated some years ago for the purpose of promoting the social and technical welfare of the engineering students, to continue the traditions of the college and to bring into existence a harmonious feeling between the various branches of the college.

The most outstanding accomplishments of this committee during the past year have been the annual Engineer's Week, commemorating the birth-day of George Washington, and the banquet and dance that concluded the week's celebration. It is the duty of the Committee to sponsor each of these events each school year.

Engineers' Week is a definite attempt to keep the engineering students in direct contact with the outside engineering world. One day is devoted to each society, beginning with the O. N. U. Chemical Society and continuing in alphabetical sequence. Programs consist of eminent guest speakers, lantern slide lectures and motion pictures. With the cooperation of General Electric it was possible to show several reels of sound pictures this last year.

The annual Enginners' Banquet is a tradition of long standing. This year it was supplanted with a banquet and dance. Every possible effort is being extended to replace the old tradition with the new.

It was interesting to note that despite the decreased enrollment of the college this year, the programs of Engineers' Week were attended by record crowds.

DICKMAN CARMEAN BARANSY COX

The Association of Women Students

THE ASSOCIATION of Women Students, organized in 1929-30 has this year continued the program which the founders set up. The women of the University have been urged to engage in the various activities on the campus, and have been guided in their choice by this organization.

A. W. S. has sponsored Freshman week, a campfire supper, a homecoming program for alumnae, and a Christmas breakfast.

The major event conducted by the Association during the winter quarter was the annual Co-Ed County Fair in Taft Gymnasium. This event, together with the sale of candy in the organized houses, was for the benefit of Alumnae Hall.

Among the social activities of the spring quarter were the Women's Formal Dance and the festivities honoring Senior women.

Legislative Board and House Council

Being intrinsic divisions of the governmental plan underlying the constitution of the Association of Women Students, both the Legislative Board and the House Council play an important part in developing the policies of the organization.

The Legislative Board, composed as it is of the four A. W. S. officers, plus the president of Y. W. C. A., the president of W. A. A., the president of Panhellenic, and a representative from each of the four classes, acts as a correlating body for women's interests on the campus. Its purpose is to strengthen the various women's organizations, to prevent their programs from overlapping, and to determine general policies for the future.

The House Council, meeting under the direction of the vice-president of A. W. S., is composed of the house presidents from all the residences having five or more women students. Representatives from the scattered group, and from the town students, also meet with this division. The Council has for its chief purpose the consideration of house problems as they affect both the group and the individual. It also acts, however, in carrying out the general social and academic policies decided upon in the Legislative Board. During 1931-32 the Council, as its main work, completed, under the direction of the Dean of Women, the revision of the regulations governing women students. These regulations, after being approved by the University Administration, are being given a 'trial for one year before final adoption.

ACTIVITIES

A. S. M. E.

THE OHIO NORTHERN UNIVERSITY student branch of A. S. M. E. was founded in 1920. The purpose of this organization is to establish contact between student engineers and the practical engineering world.

Meetings are held on the first and third Thursdays of each month. The programs consist in part of papers on various mechanical subjects prepared by students. These are openly criticized by members of the chapter assigned to this position. The programs are quite often varied by the introduction of motion pictures and guest speakers. This system of programs is both entertaining and educational, as the past year has proven. New ideas are instilled into the members, and the benefit so derived from constant contact with engineering subjects is immeasurable.

The society is a student branch of the national society, and membership is open to all students enrolled in mechanical engineering. Under the leadership of Dean J. A. Needy, the organization has been completely revised during the past year, and it has every promise of continued success.

The officers for the past year were: Loren Smoyer, president; Gorham Hester, vice president; Robert Roberts, secretary; and Charles Baldwin, treasurer.

Top row, left to right: Bauman, Holcomb, Donaldson, Groves

A. I. E. E.

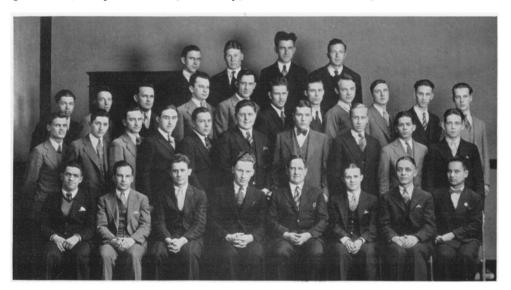

The O.N. U. Student Branch of the A. I. E. E. was founded February 9, 1912. It is the oldest branch of a national engineering society on the campus, and has always been one of the largest and most influential. In number of meetings held per year, in attendance at these meetings, and in percent of students in the electrical department in membership, the local branch is one of the leading student groups in the country.

The Society brings the students together twice a month in the discussion of problems of mutual interest in their chosen field, giving the students **a** knowledge and insight into the practical field of electrical engineering. It fosters interest in the profession at large and in the national society, of which the 'majority of the upper classmen are members. The policy has been to have the greater number of programs made up of presentation of student papers on timely and interesting topics, thus providing needed training in public speaking.

During the fall quarter a smoker was given at the home of Professor Campbell. One of the meetings held in Presser Hall was given over to Professor C. A. Norman of Ohio State, who presented a talk on "Palestine and the Near East as Seen by an Engineer."

Much credit for the success of the society for some years past must be given to its counselor, Professor I. S. Campbell, who has been located here since 1921, with the exception of last year when he was at Ohio State on leave of absence.

Officers of the society are: Oscar Jacobs, president; George Ross, vice president; Wayne Gideon, secretary; and Orville Hawes, treasurer.

A. S. E. C.

THE OHIO NORTHERN UNIVERSITY Student chapter of the American Society of Civil Engineers was organized in 1925. It was originally known as the Ohio Northern University Society of Civil Engineers, the present name being adopted in 1926, when the club was admitted as a student chapter of the national organization.

The chapter has been quite successful this year in bringing the freshmen civil engineering students into membership in the society. It is important that these men join early in their school career, as they are to become the future leaders of the organization.

Under the direction of Professor Elbin and the officers of the Society, the present year has been one of the most successful in its history. The regular bi-monthly meetings have shown a marked increase in attendance. Excellent papers on technical subjects have been presented by senior students. Slides have been shown and lectures given on some of the larger engineering projects which are now under construction throughout the United States and in foreign countries. At the smokers, which were held each quarter, inspirational talks were given by the faculty members.

The society is affiliated with ninety-six other student chapters. Beginning this year, the Toledo section of the A. S. C. E. will act as sponsors of the chapter. Mr. Arthur H. Niles of Toledo has been appointed contact member.

The officers for the club were: Frederick Michel, president; Robert Case, vice president; George Smith, secretary; John Kolb, treasurer.

Top row, left to right: Elder, Daugherty, Quinn, Newton, Evans, MacCallum Third row: Gavette, Stiles, Hawk, Laur, Irwin, Skidmore, Scott, Alpaugh Second row: McLaren, McCrady, Derr, Hyde, D. Miller, Studer, Clacer, Castrence, Jehangiri First row: Ramirez, S. Smith, Case, Elbin, Webb, Michel, Kolb, Tatem

Society of Chemical Engineering

A LTHOUGH the enrollment in the chemical engineering department dropped somewhat this year, the members of this society have maintained their organization with all its traditional spirit. Practically all students of chemical engineering in the University are affiliated with the group.

Under the able leadership of Professor Harrod, the Society has sponsored a series of interesting and well balanced programs. Through this policy, the attendance at the bi-monthly meetings has been kept at a high mark. All the upperclass men who are members are given a chance to speak before the club. These speakers have shown much talent, and have read some excellent, well-delivered papers throughout the year. Professor Harrod did much to maintain the interest of the students by giving several inspiring and worthwhile lectures.

The three smokers which have been held this year were well attended, and afforded a good time and a feeling of fellowship to all who were present.

Officers of the society were: Alfred Susie, president; Maurice Croft, vice president, and Charles Sherard, secretary-treasurer.

Top row, left to right: Bowers, Knostman, Thomas Second row: Fry, Luke, Slanker, Russell, Edwards, Regone, Nye, Kline First row: Deniston, Croft, Susie, Gibson, Sherard, Noe, Spar

Chemists' Club

THIS ORGANIZATION is the outgrowth of Professor Jesse R. Harrod's conception of a "union of chemical engineers, pharmacy students, and arts students majoring in chemistry." The club was organized early in the new year and from the first meeting has functioned solely in the interest of furnishing a common ground for the presentation and discussion of chemical topics not incidental to the classroom. Dr. R. C. Gibson is the other faculty member of the club and under the guidance of these two men, noteworthy accomplishments are assured.

The Chemists' Club as a unit is very similar to the organization of that name existing at Holy Cross College. The featured idea is the distribution to each member of mimeographed copies of papers presented in meetings by the student authors. Through the facilities of the Club, members are privileged to hear addresses by men important in the field of major chemistry. Dr. Henderson of Ohio State University and Dr. J. E. Day, also of Ohio State are two of the outstanding men already having spoken before the Club.

This Club is unique among campus organizations in that although members are solicited from different branches of the University, still the tie that binds is common to all—Chemisty, the Magician of Sciences.

The officers of the club are: Vaughn Whisker, president; Alfred Susie, vice president, and James Cavett, secretary-treasurer.

Top row, left to right: Wertheimer, Trumbull, Ershich, Laymaster, Irons, Van Keuren, Knostman, Andreko, Bowers, McElroy, Williams

Third row: Clacer, Park, Regone, Mayer, Russell, Weiss, Turner, Kithy, Roberts, Souders, Spar, Kohn

Second row: Grimm, R. Smith, Bowers, Burridge, Chapek, Domizi, Sobers, Schifino First row: W. McKelvey, Stirn, Susie, Gibson, Harrod, Whisker, Cavett, R. McKelvey

Northern Players

NORTHERN PLAYERS has carried out its policy of encouraging interest in dramatics and devolping latent ability, through another successful year.

"Happiness," the sprightly modern comedy which was taken on the road, "Lighthouse Nan" a real old-fashioned "meller-drammer," and "Hell Bent for Heaven" are some of the outstanding plays which the energetic Players, under the capable direction of Major Deming, have produced this year.

Several members of the dramatic organization have distinguished themselves by their excellent work in the plays, ten becoming eligible for membership in Theta Alpha Phi, the national honorary dramatic fraternity. All the members of the club have participated in some form of dramatic production, by serving on technical staffs for the plays and by taking part in the weekly programs and one-act plays.

Officers for the Fall quarter were Eddie D'Isa, president; Margaret Condon, secretary; Dan Haber, vice president; and Billie Arbogast, treasurer. President D'Isa was re-elected to serve for the Winter quarter, and Paul Heltman succeeded his colleague as vice president. Maxine Mead was secretary and Bernard Hawk, treasurer.

Top row, left to right: Arbogast, Huling, Andreko, Slanker Second row: Herrick, Kemper, Smila, Wilson, Rostron, Poor, Bodkins First row: Condon, Haber, Heltman, D'Isa, Mead, Hawk, B. Reed

Business Administration Club

THE BUSINESS ADMINISTRATION CLUB was organized during the fall quarter of 1930 having superseded the Commercial Club from which the organization obtained its derivation.

The chief aim of the organization is to promote interest in the business field and furnish guidance and inspiration to those intending to make business administration their vocation.

It also aims to acquaint the students with present day business principles by inviting outstanding business leaders to their meetings.

Officers of the Club were: William Archibald, president; Robert Cole, vice president; Lee Hammond, secretary; and Lawrence King, treasurer,

Top row, left to right: McGee, Hutchinson, Headley
Second row: Wills, Harrod, Dunn, Allen, King, Wood
First row: Connelly, Lavine, Templeton, Cole, Archibald, Hammond, Condon, Hindall

Press Club

JOURNALISTS of Ohio Northern have witnessed a decided change in the policies of Press Club during the present year. Formerly, the Club had simply been known as one of the many organizations on Northern's campus. This year, under the leadership of Joseph Weiss as president, it has come to the front and has been responsible for many new policies, several of which have been given expression through the Northern Review.

Early in the year a new constitution was drawn up and adopted by the members of the club. The new organ provided for many new features and requirements in order for one to hold membership in the organization. Election to Alpha Phi Gamma, national honorary journalistic fraternity, is largely determined from the work done on student publications through Press Club. Elizabeth Templeton, editor-in-chief of the 1932 Northern, is vice president of the club, and Lois Jean Judkins, society editor of the Northern Review served as secretary-treasurer. Lawrence Freeman, of the department of English, is faculty advisor for Press Club.

Top row, left to right: Pease, Lawson, Maxwell, Hindall, Thompson, Van Keuren, B. Freeman, Smull

Third row: Mead, Wilson, Chappell, Headley, White, Ackerman, Schlemmer, Tannehill, Dressing

Second row: Smila, Burridge, Johnson, Gesling, Smoyer, Mead, Kunkle, Herrick First row: Tittle, Renninger, Teple, Judkins, Weiss, Templeton, L. Freeman, Saphar

Girls' Glee Club

THE GIRL'S GLEE CLUB of 1931-32 boasts thirty-four members. Under the auspices of their new director, Miss Alice Moore, the season has been a success.

An entire concert was given by the club on the University campus, F'ebruary eighteenth and they competed in the eisteddfodd at Marion on February twenty-second. Glee Club trips to the surrounding towns were part of the season's itinerary.

Officers for the year were: Martha Gesling, business administrator; Bernita Short, librarian; Wilhelmina Arbogast, treasurer; Mozelle Tallman, secretary-reporter; and Mary Austin, accompanist.

Top row,left to right: Younkman, Pease, Williams, Tallman, Wilson, Dunbar Second row: Mechling, Voltz, Dull, Moore, Cox, L. Shafer, Baldwin, G. Shafer First row: Young, Loy, Fisher, Short, Gesling, Arbogast, Pooler, Wood

Men's Glee Club

The O. N. U. Men's Glee Club, comprised of approximately thirty voices, has had a very successful and pleasant season. During the winter quarter the club participated in the eisteddfod held at Marion, Ohio, and the State Glee Club contest, held this year at Ohio Wesleyan University.

The Glee Club is under the very capable direction of Professor Dewees, who has selected for the club a repertoire of about twenty-five numbers. These numbers represent a wide variety of work for male voices, ranging from light, airy melodies to the heavier, more somber and religious types. By virtue of this selection the club is able to present a well-balanced program.

Numerous engagements have been filled by the Glee Club during the spring quarter, the most important of which was a three-day trip to Toledo and environs in April.

The combined efforts of the members of the club and Professor Dewees, who is a newcomer to Ohio Northern, have shown very pleasing results.

Early in the fall quarter the members of the Glee Club elected the following officers: Royal Shanks, president; Russel Milburn, business manager; Glenn Uhl, secretary-treasurer, and Everett Sutermeister was appointed student director of the organization.

Top row, left to right: Whisker, Jones, Laubenstein, Shanks, Price, Milburn, Sutermeister Second row: Foster, Yoakam, Scott, Arnold, Lawson, McIntire, Chappell First row: Sharpe, Neville, Hughes, Fox, Dewees, Uhl, Elzay, Kutza

Orchestra

No THE fall quarter, the O. N. U. orchestra, numbering 17, was comprised entirely of students. A well-balanced chapel program was given and enthusiastically received by the audience. A part of the orchestra accompanied the Choral Society in its Christmas presentation of Handel's "Messiah."

At the beginning of the winter quarter, Director Gailewicz conceived the idea of a real symphony orchestra by adding competent musicians who should be picked from the home town and surrounding cities and villages. Since a plan of this sort would take time, he decided to begin by assimilating townspeople only. After that, outside additions would be as the director saw fit. The plan worked to perfection. The home town had good violinists that swelled the total to 24.

In the spring quarter, an evening concert was given at which the orchestra presented some of the best orchestral works written. Needless to say, the concert was played to a thoroughly appreciative audience.

Top row, left to right: Hester, Gailewicz, Parkhill Second row: Snyder, Regone, Fields, Schifino, Shepard First row: Bowen, Schubert, Baker, Stemen, Baldwin, McIntire

Northern Band

THE OHIO NORTHERN BAND has been playing at the fair for a number of years, yet it is bigger and better every year. We're always glad to have you back." Such was the comment at the Bellefontaine Fair. Under the directorship of Professor Gailewicz, the band has made rapid progress. This year has been marked by better cooperation, more advanced music, and outstanding formation work. The performance of the band at Homecoming and the Capital game at Columbus were the two outstanding events of the band's work during the football season.

The concert season opened with the fall term concert at Lehr auditorium. The enthusiasm with which the members were received pointed to a greater season. Concerts were given at Lima, Findlay, Upper Sandusky, Van Wert, and other cities during the year. The spring concert was marked by the presence of a large delegation of high school bandsmen, representing various bands throughout the state. The work of Gorham Hester, solo clarinetist and president of the band, has been outstanding during the year. Lawrence Shepard has served the band well as student director and solo trombonist.

Gold keys were presented to Everett Sutermeister, J. D. MacCallum, Lawrence Shepard, Moston Wood, Paul Harrod and Russell Long of the graduating class in recognition of service to the organization.

Top row, left to right: MacCullum, Core, Deitrich, W. McKelvey, Neiswander, Cotner, Shepard, Fields, Sutermeister, Marshall, Dreisbach, R. McKelvey, Irwin, McIntire, Gailewicz Second row: Hester, Landon, Parkhill, Blake, Yoakam, Regone, Schifino First row: Downing, Foster, Hablitzel, Wood, Tilley

Girl's Debate Team

THE NORTHERN co-eds have realized one aim in becoming members of the Ohio Intercollegiate Women's Debate Conference. The conference proposition was: Resolved, That the Present Governmental Tendency to Control Public Conscience Should be Deplored.

The affirmative was upheld by Misses Kathryn Poor, Miriam Slanker, Verna Kemper and Ladonna Lewis; the negative by Misses Virginia Wilson, Esther Sunderman and Martha Gesling.

The question was of world-wide interest, and required extensive study and research before any constructive arguments could be made. Due to the amount of reading necessary, the girls are wiser in their knowledge of the different methods of government.

During the season, the girls debated teams from Wittenberg, Kent College and Ohio University.

Top row, left to right: Kemper, Lewis, Slanker First row: Poor, Wilson, Gesling, Sunderman

Men's Debate Team

NINETEEN men reported at the beginning of the fall quarter for debate work. After several weeks of intensive study and forensic practice on the conference question, Resolved: That Collective Ownership and Control of the Means of Production and Distribution is Preferable to Private Ownership and Control, the faculty committee chose the teams to represent the University.

The negative team was successful in all its debates. Wittenberg and Ohio University won the judge's decision from the affirmative team in their verbal jousts. The local orators ended the season tied for first place with Akron University, Ohio University and Wittenberg. Several post-season debates were scheduled with colleges throughout the country. Those representing the University were:

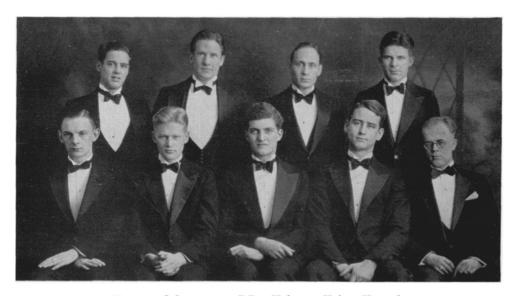

AFFIRMATIVE SQUAD

Royal. Shanks, Captain Edwin Teple Robert Koski Curtis Johnson Paul Harrod

NEGATIVE SQUAD

Edwin Saphar, Captain Eddie D'Isa Paul Heltman Danny Haber

Professor Cliffe Deming, Coach

Top row, left to right: D'Isa, Heltman, Haber, Harrod First row: Saphar, Johnson, Teple, Shanks, Koski

Educational Association

THE EDUCATIONAL ASSOCIATION, which is composed of those students expecting to become teachers, holds three meetings each quarter. There are nearly one hundred members in the organization this year.

The chief aim of the organization is to promote interest in the teaching profession, and furnish guidance and inspiration to those intending to make teaching their vocation. It also aims to acquaint the students with the problems of education, to promote the professional attitude, to understand education from the scientific point of view and to acquaint prospective teachers with the outstanding educational leaders in the state.

From time to time outstanding educational leaders are invited to our campus to speak to the organization in addition to our own faculty members at Ohio Northern.

Top row, left to right: Pees, Bateman, Spisak, Leatherman, Gritzmaker, Dill, Connelly, Rostron

Third row: Dyer, Stanfield, Kunze, Baker, Hageman, Thompson, Williams, Lange, Tumblin Second row: Speese, Ross, Hauman, McCloud, Cox, Mohler, Castle, Read, Voltz, Finfrock First row: Skinner, Oates, Wood, Baldwin, Lowrie, Botkins, Suber, Shafer, Horning, Bodkins, Schubert, Nisonger, Mechling

O. N. U. P. A.

rganized in 1906, the Ohio Northern University Pharmaceutical Association has for twenty-six years represented the efforts of the faculty and students of the College of Pharmacy in furthering the advancement of the profession. The purpose of the organization is to foster pharmaceutical ethics and to enlarge the field of professional knowledge. By cooperation with other scientific groups the student is in contact with professional and business problems of the day.

A novelty was introduced on the campus during the winter quarter with the introduction of a realistic mock trial of a druggist. Students of both the College of Law and the College of Pharmacy took part in this event. Medicolegal problems of interest to students of both colleges were solved by due process of law.

The annual Open House of the College was held in the spring quarter under the auspices of the Association. The spring banquet marked the conclusion of this event. Another interesting event was the annual Inspection trip to pharmaceutical laboratories. This year the upperclassmen of the College of Pharmacy were guests of Parke Davis and Co., Detroit, Michigan.

The faculty advisers of the Association are Dean R. H. Raabe and Professor Marshall Close. The officers for the year were: Charles R. Van-Keuren, president; Laverne Hakes, vice president; and Maxine Hurless, secretary-treasurer.

Y. W. C A.

UNDER the direction of Mrs. Smith, the Y. W. advisor, the year 1931-32 has been a very successful one. A great deal of pep and enthusiasm was shown at the first meeting and it did not lapse, due to the untiring efforts of the various committee chairmen.

The chief interest this year has been in the further furnishing of the Association's room. Along with our regular work, the Y. W. has sponsored a Christmas Bazaar, Christmas card sale, the sale of refreshments at the games, and the Senior Breakfast.

It is the purpose of this organization to unite the members in the desire to realize a full and creative life through a growing knowledge of God.

The girls have greatly enjoyed and appreciated working with their faculty committee advisors, a plan which has proved its worth in former years.

Officers for the year were Ruth Krill, president; Mildred Speer, vice president; Golda McCleary, secretary; and Gladys Finfrock, treasurer. Committee chairmen were Eleanor Langshaw, Program; Rowena Smila, Finance; Verna Kemper, World Fellowship; Pauline Warner, Music; Miriam Slanker, Social; Florine Baransy, Big-Sister; Mary Bess Hauman, Social Service; Alice Wallace, Publicity; Caroline Miller, Room; and Mrs. Vergon Smith, Faculty Advisor.

Top τοw, left to right: Kemper, Slanker, Hauman First τοw: Wallace, Finfrock, Krill, Speer, McCleary

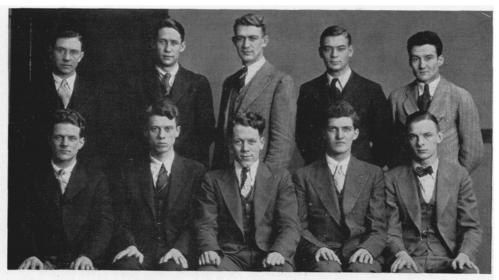

Y. M. C. A.

THE Y. M. C. A. is made up of a group of students interested in Christian fellowship and the three-fold development of a college man's life. The lounging room of the "Y" headquarters, located on the second floor of Hill Building, has proved to be a convenient place for spending time between classes.

The year's program began with the Freshman Mixer, held in cooperation with the Y. W. C. A. Student-conducted tours of the campus and meetings in which the various extra-curricular activities at Northern were presented, served to orient the freshmen to their new surroundings.

Many speakers of renown were brought to the campus through the Y. M. C. A. Some of these were Chief Justice Marshall of the Ohio Supreme Court, Congressman C. B. Moore, and A. J. "Dad" Elliott, field secretary of the Central Division of the national organization, whose messages were presented to large, interested audiences. These men were secured by the State Student Organization of which the local "Y" group is a full-fledged member.

The regular meetings, held every Wednesday evening, were addressed by capable speakers who presented topics of vital student concern in an interesting manner. The deepening of worthwhile convictions along lines of Christian conduct was the well-developed keynote of these meetings. The Y. M. C. A. continues to successfully direct its energies toward the realization of the purpose for which it has been established.

Top row, left to right: Stanfield, Rockwell, Skidmore, Arnold, Ball First row: Wood, Irwin, Case, Teple, Saphar

The International Club

THE INTERNATIONAL CLUB, which was organized nine years ago, has studied during the past year, the Philippines, Cuba and Porto Rico, Mexico and South America, the Germanic European countries, the Latin countries of Europe, Syria, Persia and India. Each month two ladies of the town have served as a Hospitality committee, and excellent musical programs have been provided by young people of Ada.

The Club maintains an Emergency Loan Fund for its members. Dr. Schieber, Dean Raabe and Dean J. A. Needy are the faculty advisers. The attendance at the meetings, held the second Sunday of each month has averaged twenty-four. Roger Bowen is *president*; Jaime Manawis, *vice president*; Maurice Croft, *secretary*; and Baba Jehangiri, *treasurer*. The motto is "Above All Nations is Humanity." The Rev. Mr. Wiant, Mrs. Hazel Tallman and the officers of the Federation of Missionary Societies in Ada have been chosen by the Club as local sponsors.

PUBLICATIONS

TEMPLETON

The Northern

THIS year of 1932 has been the first time that a yearbook of Ohio Northern University has been published by the junior class. Previously, the volume was produced by each year's graduating senior class. Members of the staff are not confined to the junior class but are chosen from all four classes in order that the book will be representative of the entire student body.

The Northern Review

FOR THE first time in the history of the Northern Review, this year the paper received official recognition from the Ohio College Newspaper Association by winning seventh place in the contest for weeklies. The Review has been active in the Association since its entrance into that body and has been recognized as one of the outstanding publications in the state.

This year has also seen the entrance of the Review into membership of the National College Press Association by the action of the O. C. N. A. in joining this national body as a group.

Men's Inter-fraternity Council

HE PRESENT Inter-Fraternity Council differs from its predecessor of former Tyears, the Pan-Hellenic Council, in that it is functioning under a revised constitution, which gives it student control. Its body of representative men from each fraternity on the campus has proved itself to be an exemplification of a cooperative organization meeting the necessities and demands of fraternal problems.

The Council has carried on with the old traditions of creating a closer relationship between the fraternities by its annual guest-exchange program and through the spring smoker. It is also sponsor of the annual football banquet and the Inter-Fraternity Scholarship Cup.

The main subjects acted upon during this year included a formulation of new pledging and rushing rules which are to take effect in the fall quarter 1932, and a policy of coming to an agreement with the university officials on the dance situation.

Although the Council is made up entirely of fraternity men, it acts in the interests of non-affiliated men as well as the fraternities in campus problems.

This year it became definitely affiliated with the undergraduate group of the National Inter-Fraternity Conference, and was represented in the National Students' Federation of America.

Top row, left to right: Houck, Francis, Spitler, Hakes, Levy First row: Stiles, McLean, Connolly, Spisak, Morrow

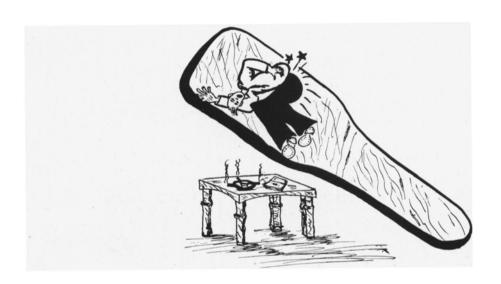

Women's Panhellenic Council

THE PANHELLENIC COUNCIL is composed of three delegates from each fraternity represented; namely, one alumna, one senior, and one lower classman. This group aims to forward cooperation and amicable relationships between the fraternities for women and between the fraternity and non-fraternity women. It lends support to all projects planned for the good of the women students.

During 1931-32, Panhellenic sponsored at its monthly meetings programs on fraternity problems such as alumnae relationships, traditions, scholarship, freshman training, and rushing. The speakers, resident alumnae members of national fraternities for women, represented eight different organizations.

Top row, left to right: Shafer, Hilty, Baransy, Langshaw First row: Wright, Hauman, Gesling

FRATERNITIES

Founded at Wesleyan University, Middletown Connecticut, with the purpose of uniting congenial: representative students and leaders in all phases of college life. Theta Nu Epsilon has 19 active chapters totaling 21,000 members. Omicron Omicron chapter was founded at Ohio Northern in 1903 and is now located at 431 North Gilbert Street.

When it comes to athletics T. N. E. has furnished its full quota on Northern teams this year. Among the outstanding are Sandrock Roberts and Chapek "the man-mountain who lboks like the Empire State Building" in football and Arnold, Piotter and Sandrock in basketball. Fritz Michel was president of the Civils and Conde (versatile man) is equally at home training the football team or playing the drums and fiddle in an orchestra. Bus Martin is president of the fraternity.

Sigma Phi Epsilon

With a Saturday Night Club as its basis, Sigma Phi Epsilon was founded at the University of Virginia, November 1901. It now has 63 active chapters, totaling 13,000 members. Ohio Alpha chapter at Ohio Northern founded in 1908 is located at 821 South Gilbert Street.

George Houck, President of the Inter-Fraternity Council is a member of Sigma Phi Epsilon. Earl Cornmesser, Harry Roemisch, Leo Luke and Eddie Rogers were all letter men on the football team. Elwood Witt was Varsity Manager with Mason and Headley as assistants. Pledges Huber, Fling and Shaefler were mainstays of the strong freshman team and stand a good chance of holding down regular berths on the varsity during the balance of their student days here at Northern. Mention must be given Icky Maier as president of the Sig Eps and Jinks Williams who is leader of the "Williams Syncopaters" a very classy and popular dance orchestra.

Sigma Pi

Sigma Pi was founded at Vincennes University in 1897. Next to the Miami Triad it is the oldest national fraternity originating west of the Ohio. Sigma Pi now claims 30 active chapters and 4,850 living members. Zeta Chapter founded in 1912 is located at 434 North Main Street.

John Snell presides when the members of Sigma Pi get together. Here too resides Thomas Porosky, the Ohio Northern representative on the all-Ohio Conference Football team and was also among the high point men in the conference in basketball. Pat Patterson plaved at tackle and Pete Peterson, guard. was given the award for being the most valuable line player on the team. Clyde Hedderly, one of the outstanding guards of the Conference Courts in the opinion of other coaches claims direct kinship with the home at 433 N. Main. Loren Smoyer, in addition to being on the editorial staff of the annual, was an associate editor of the Review and president of A. S. M. E. Fred Johnson and Jim Cavett are also members of the editorial board of the Northern.

Delta Sigma Phi

Delta Sigma Phi was founded at the Collge of the City of New York on December 10, 1899. Membership is confined to men of the Caucasian race whose "ideas and beliefs are those of the modern Christian civilization." There are 47 active chapters with a total of 7,511 members. Alpha Eta chapter was founded at Ohio Northern in 1920 and is located at 534 South Main Street.

This organization furnished the stimulus to the rest of the campus to start the moss-covered dancing ball a-rolling. However bunglesome the question was handled, all Northernites owe the Delta Sig boys a big pile of credit. It still remains a question as to the genuineness of the floor shine in those Cleveland Plain Dealer interior photos. Paul Donaldson is president while Joe Uhl and John Studer are the fraternity athletes, both being members of the football team. Studer is also a member of the fencing team.

Kappa Psi

Kappa Psi, national pharmaceutical fraternity, was founded in the year 1897 at New Haven, Connecticut. Gamma Delta chapter with its home on 219 E. College Street was founded in 1920. "The Mask" is the official fraternity publication.

LaVerne Hakes, Inter-Fraternity Council member, presides over Gamma Delta. Ross Smith, Varsity "N" is a member of the football, basketball and baseball teams. Joe Weiss seems to hold the corner on political offices being president of the senjor class, of Press Club, of Alpha Phi Gamma and business manager of the Northern Review. Van Keuren claims the presidency of the O. N. U. P. A. and is chairman of the commencement invitations committee. A number of the boys are journalistically inclined and four of their body are members of Alpha Phi Gamma.

Sigma Delta Kappa

Sigma Delta Kappa was founded at the University of Michigan in 1914. Membership is confined to Christian members of the Caucasian race in accredited colleges and universities, either students or instructors therein. There are 36 active chapters with a total membership of 8,000. Omicron chapter was founded at Ohio Northern's campus February 13, 1923 and is located at 413 South Gilbert Street.

William Morrow is president of the chapter. Among their noteworthies are Russell Milburn, tackle on the football team. eatcher on the baseball team and bass with the varsity quartette; Robert Case, president of the Y. 31. C. A.; Curtis Johnson, a four-year varsity debater; and Royal Shanks, debater and baritone of the varsity quartette.

Delta Theta Phi

Formed by the amalgamation of three law fraternities, Delta Phi Delta, Theta Lambda Phi, and Alpha Kappa Phi at Chicago in 1913. Delta Theta Phi has expanded to include chapters in 65 schools. Marshall Senate of Theta Lambda Phi was founded at Ohio Northern in 1906 and is now located at 535 North Main Street.

Transfer students are numerous in this legal fraternity though the outstanding of the group are true Northernites, among whom are Ed Ray, president of the fraternity, Edwin Teple, editor of the Northern Review, Ed Saphar, varsity debater and Paul Heltman, a shining light of the Northern 'Players and Theta Alpha Phi. The latter's column in the weekly Review is sophisticated no end, but produces the jitters in those easily susceptible. Dr. Ball, the perfect witness also claims allegiance to this clan.

Alpha Epsilon Pi

Alpha Epsilon Pi was founded at New York University in 1913. Four years were spent in perfecting the internal organization of the Alpha chapter before expansion was considered. There are now 16 active chapters with a total membership of 1,200. Kappa chapter founded at Ohio Northern in 1923 is now located at 402 North Main Street.

Alpha Epsilon Pi forged to the front this year by winning the intramural basketball and the intramural volleyball championship. They also are strong in supporting the horseback riding school which was lately started here at Northern. Their big social event of the year was entertaining the Theta Phi Delta5 to a house dance.

Phi Mu Delta

Phi Mu Delta was founded in March 1918. It grew out of the national organizations of the Commons Club which was founded at Connecticut Wesleyan University in 1899. There is a total membership of 2,266 in 18 active chapters. Mu Beta chapter founded on this campus in 1926 is located at 125 South Gilbert Street.

The Phi Mu Delta boys are now in possession of the fraternity scholarship cup for the fourth time in succession. Their meetings are presided over by George Ross and among those present are Dan Haber and Ezra D'Isa who are prominent in Northern Players and are also members of Northern's fencing team. This organization usually contributes seems to be a bit off form this year. The members stand alone on the campus as securing perfect balance between knowledge and hotcha.

New York Club

The New York Club of Ohio Northern University is a local fraternity established in 1926. Their official publication is "Excelsior" and their chapter house is located at 116 West Highland Street.

These congenial boys do their level best to maintain the balance of power in the Engineering College from year to year. Dick Tatem "Man About Town" sets the pace for the others to and from the campus. They boast of Francis Dowling as junior class president. Louis Schifino extracts cheers from the student body and Carrier is a bad man in a fencing bout.

SORORITIES

Theta Phi Delta

Theta Phi Delta was the first local fraternity for women to be reinstated on the campus in 1929. The chapter is established in a house located at 503 South Gilbert Street, and has the largest membership of any of the local sororities.

Theta members include many of Northern's most popular and most outstanding co-eds. Betty Templeton is serving as the first co-ed ever to edit a Northern yearbook while journalist Judkins is Society Editor of the Northern Review. Three of the girls are members of Alpha Phi Gamma. Rowena Smila is at the head of Northern Players and a member of Theta Alpha Phi. The sorority is represented in W. A. A. by Miriam Smull as secretary and Evelyn McGinnis as treasurer. A. W. S. also claims several of the sisters in executive positions.

Phi Chi

Phi Chi was reinstated in 1929 and now has its chapter house on South Union Street. Phi Chi and Theta Phi Delta are the only two sororities on the campus to run their own homes.

The year 1931-1932 has proven itself prosperous, regardless of the depression, as far as members of Phi Chi are concerned. Millie Mead completed her pledgeship and was initiated into Alpha Phi Gamma. Phi Chi is proud of Miriam Slanker who holds membership in Phi Lambda Pi and Theta Alpha Phi: of Binnie Wright, president of Pan-Hellenic Council and Margaret Dickman, vice president of A. W. S. and president of House Council.

CLYDE B. LAMB Director of Physical Education and Coach

To CLYDE LAMB we wish to extend our heartiest congratulations for the very fine manner in which he has set about to improve the standards of our athletic department. He has gone through this past season on a very economical basis, and has done much to forward the improvement of the department.

Coach Lamb received his B. S. degree from Coe College, Iowa; and his M. A. from Columbia University.

As Director of the Department of Physical Education, varsity track coach, freshman basketball coach and assistant varsity football coach, he has been extraordinarily successful.

HARRIS A. LAMB

COACH HARRIS LAMB, although he is without doubt one of the youngest coaches in the Ohio Conference, is a man of wide experience. He received his B. S. degree from Coe College, Iowa and his M. A. from Columbia University. In his first year as head coach of the athletic department, he has been behind our teams, striving to have them excel in both athletics and sportsmanship.

In all the men who have worked under him, Lamb has installed a feeling of gratitude and respect. He has put forth every bit of true co-operation and help that he possesses to make the athletic teams a success.

PA 164 GE

VARSITY SPORTS

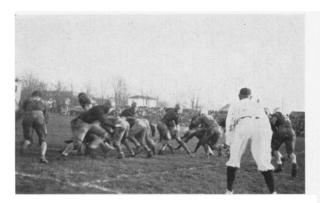

Ohio Northern 0—Army 60

The first game proved to be a real test for the boys when they journeyed to West Point to meet the Army. Although outweighed more than twentyfive pounds to the man the boys put up a great fight and were highly complimented on their play by the Army mentor. This game gave Coach Lamb a chance to see how the boys would react when entered in a game where the odds were so heavily against them, never before having scheduled a team whose lineup consisted of several men who have either been selected or given honorable mention on the mythical "All American" eleven.

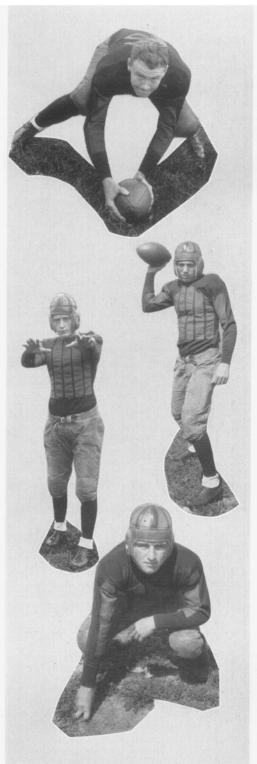

Ohio Northern 9—Bluffton 0

THE BEARS chalked up their first victory of the season by defeating a stubborn and heavy Bluffton team. Maintaining a. lead gained early in the first quarter and. continually outplaying the Beavers from every angle throughout the game, the final result was never in doubt. The outstanding playing of the sophomores and the brilliant broken field running made the outlook for a successful Ohio Conference season very The defensive and offensive playing of Captain Johnny Allen was one of the high lights of the game which was slowed up considerably because of the intense heat.

Ohio Northern 16—Kentucky State 0

NORTHERN journeyed down to the Blue Grass state and defeated Kentucky State Teachers College. It was apparent from the first whistle that the light and fast Maroon team was no match for the fighting Polar Bears. A combination of fast backfield maneuvering and an aerial attack soon placed the Polar Bears inside the Kentucky five yard stripe. Never once during the entire contest did the Colonels get within thirty yards of our goal line while the Bears were threatening constantly but due to some good defensive playing were held down to a 16-0 count.

Ohio Northern 6-Hiram 0

THE HIRAM "TERRIERS" assumed the role of the vanguished when Coach Lamb's fighting Polar Bears crashed through the Hiram defense to score the lone touchdown early in the fourth quarter. The outstanding play of the game was the 63-yard run by Porosky who placed the ball on the Hiram 12 yard line and finally resulted in the scoring of the lone touchdown. Due to the wet condition of the field Northern's offensive strength was cut down and they had to resort to straight line plunging for most of their gains. The determination displayed by each component part of Coach Lamb's fighting gridiron machine proved instrumental in "winning that game."

Ohio Northern 0-Otterbein 20

PLAYING before an enthusiastic Homecoming crowd the boys suffered defeat at the hands of Otterbein 20-0. The downstaters were quick to detect their weight advantage and resorted almost entirely to a crushing power drive which won the game for them. Deceptive plays on the part of the visitors were very few. Although Northern completed several passes for substantial gains they could not turn the trick when scoring opportunity arrived and resulted in their inability to cope with the visitors offense. The Bears excelled greatly in the punting game averaging forty-five yards per kick.

Ohio Northern 37-Marietta 0

Again hitting their stride the boys had little trouble in downing a scrappy outfit from Marietta. The Ohio River boys were outplayed in every quarter of the game. After the opening kickoff, it took the Bears just three plays to put over their first touchdown and from then on had little trouble in scoring. Featured by the brilliant open field running and successful aerial attack which netted many long gains, the Bears had little trouble in rolling up a 37-0 score before the final whistle blew. Scoring 14 first downs to the visitors 2 and with every player playing heads up football they showed that indescribable something that makes a winning combination.

Ohio Northern 31-Wilmington 2

ROLLING up three touchdowns in an impressive first half display of offensive strength, Northern smashed its way to a 31-2 win over Wilmington's green clad Quakers in the last home game of the season. With Northern's forward wall repeatedly sifting through the line of scrimmage, smoothly taking the Quaker defense out of action, the Polar Bear's fast moving backfield featured the game with long driving broken field runs.

Northern outshone Wilmington in all departments

Northern outshone Wilmington in all departments of the game making 16 first downs to their opponents 4 and completing six passes for a total of 75 yards.

Ohio Northern 51-Capital 12

STAGING a brilliant running and passing attack the Polarites opened with an offensive drive that swept the scrappy Capital eleven completely off their feet and played a game of football in general that drew hearty praise from every corner of the muddy sidelines. The inspired Polar Bear gridiron combination smashed their way thru the opposition to a devastating 51-12 victory. Although light and fast the Northern machine had little trouble with the wet field and scored almost at will completing 19 first downs.

The entire Northern band journeyed down to Columbus to perform for this last gridiron encounter and the reception that they were given was well worth their

trouble.

CONDE

The opening of the 1931 football season found Northern with prospects of one of the greatest teams in recent years. With the return of nine lettermen and a wealth of sophomore material, Coach Harris Lamb was well pleased and looked forward to a highly successful season. This year also marked the beginning of Harris Lamb as head coach.

Although handicapped by a few minor injuries the boys came through in great style winning six and losing only two games while playing some of the stiffest competition in the Ohio Conference.

The first game proved to be a real test for the boys when they journeyed to West Point to meet the Army. Although outweighed more than 25 pounds to the man the boys put up a

great fight and were highly complimented on their play by Major Sasse of the Army. On the three following Saturdays the Polar Bears met and defeated Bluffton, Kentucky State and Hiram while holding their opponents scoreless. These games proved valuable in enabling Coach Lamb in getting together a winning combination.

On the following Saturday, Northern lost

to the mighty Otterbein team which invaded ming game. This game was marked by the defensive playing of Ada for the Homecoming game. Otterbein.

WITT

The Polar Bears came right back and again showed their offensive strength by humbling a scrappy squad from Marietta to the tune of 37-0, in a game in which the Ohio River boys were completely outclassed. In the final game of the season the Bears unleashed a brilliant running and passing attack to run up a 52-12 score at the expense of Capital University and thereby closing the season in a blaze of glory.

Second row: Witt, Allensworth, Uhl, Archibald, Allen, Rogers, Chapek, Garmon, Roemisch, Dimond, Shepard, C. Allen, Cushman
First row: Seiferd, Luke, Gallagher, Studer, Jacobs, Peterson, Patterson, Steiner, Porosky, Sandys, Bolch

Freshman Football

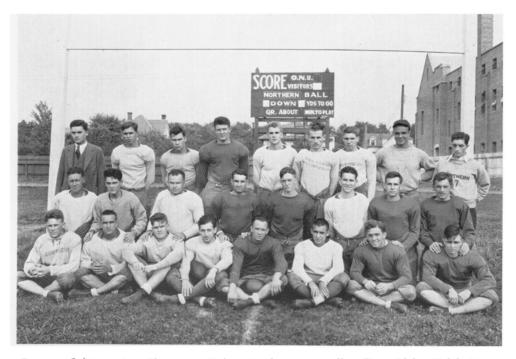

A S THE RULES of the Ohio Conference do not permit Inter-Collegiate Freshman contests, the main object in having a freshman team is to provide practice for the varsity. The willingness, on the part of the individuals to do this demonstrates to the coach the spirit as well as the ability of the men who will fill the ranks of next year's varsity. Some very excellent men were discovered in the freshman team and their work has assured for them special recognition in the selection of the men for the 1932 squad.

Considering the reward received and the bumps occasioned by the tough scrimmages they went through, we certainly do admire the frosh squad for the great amount of grit that they have displayed. We hope that they will continue the participation in college athletics where greater recognition and rewards await those who merit it.

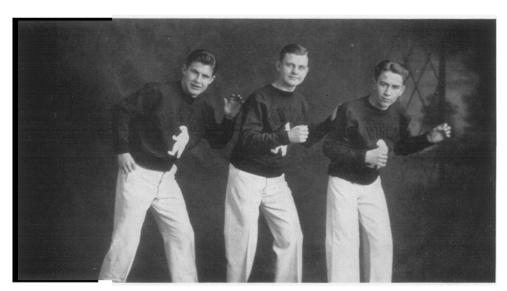

The complete squad is as follows: Bales, Kyle, Reese, Fling, Heikowsky, Cseh, Huston, Huber, C. Allen, Watts, Oberlander, Dicks, Caplea, Gabalac, Anderson, Cohen, Ayres, Shaffer, Page, and Burton.

Freshman managers were Blake and Thompson.

To Emmet Bolch, freshman coach we extend our heartiest congratulations for the splendid work he put forth in making the freshman squad a success.

Top row, left to right: Thompson, Huber, Jacobs, Ayres, Allen, Ross, Blake, Bolch, Mason Second row: Page, J. Watts, Oberlander, Watts, Bayles, Fisher, Cohen, Gabalac First row: Cooper, Huston, Kyle, Rubywitz, Heikowsky, Reese, Caplea, Anderson

TEDRICK

HARRIS

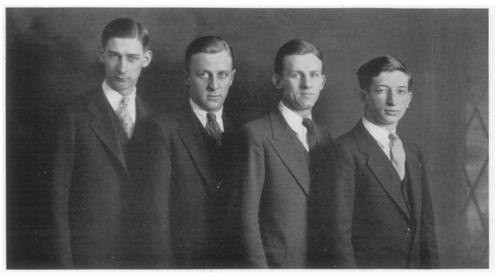

Schifino

Cheerleaders

FEW PEOPLE realize what a task the cheerleaders have. Primarily, a cheerleader is selected because of his ability to get the student body to respond to his leadership. When the students chose Bucky Harris, Ted Tedrick and Louis Schifino as yell leaders, they picked three men who were well fitted for the job. These boys were full of pep, and much credit should be given them for their efforts and their whole hearted enthusiasm which they displayed at the football games.

Managers

THE JOB of manager of any varsity sport should not be considered as a snap job. These boys worked very hard at their jobs, and a great deal of credit should be given them for their hard labors and their efficiency at taking care of the team's equipment.

Varsity Basketball

THE VARSITY basketball squad of 1932 has established a very enviable record this past season. Although the boys did not win all the contests they entered, they gave their best, and only dropped five games out of sixteen.

At all times, the boys representing the Black and Gold did so in the true Northern sportsmanship manner; at no time was the honor of the school forgotten, and the men are to be commended for their ex-

tremely fine showing displayed in all the events in which they participated.

Coach Lamb had to be content with only three lettermen from last year's squad, which he used to good advantage by employing them as the nucleus around which he built a mighty fine and well developed machine. These men were John Allen, Mervyn Pees, and Robert Dimond; every one of these men deserve a great amount of credit for the fine work they have displayed.

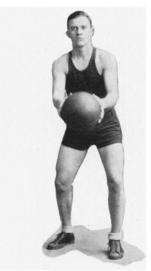

The opening tilt of the season was dropped by a small margin to Bowling Green. In the following two games with Bluffton, Northern took the boys into camp.

Northern defeated Capital in the first conference game. This was closely followed with a defeat which they suffered at the hands of Marietta. The

following night the Lambmen journeyed to Otterbein where they found it easy going and handed the Westervillians a decisive defeat.

The next five games were complete victories for the Polar Bears as they defeated Ashland, Kenyon, Otterbein, Capital and Marietta. Muskingum, however, proved a Waterloo for the Eskimos, for they were defeated by a close margin in a hard fought battle. The following game with Heidelberg proved to be the fourth defeat of the season.

The next two games were a split, the Northerners winning one from Kenyon and losing the other to Bowling Green by a one point margin.

The last game of the season was with Hiram, whom the Adaites defeated with ease.

Thus ends the story of our successful campaign of 1931-32. All in all the squad did excellent work, and every man on the team is to be complimented on the displayal of first class sportsmanship. Especially do we commend Porosky, Smith, Pees, Hedderly, Allen and Dimond for their excellent display of brilliant playing, and their determination of never giving up.

Next season should be looked forward to with much interest for the squad, with the exception of Allen and Pees, will be back in uniform. These two boys will be greatly missed, for both proved to be a very valuable asset to the team.

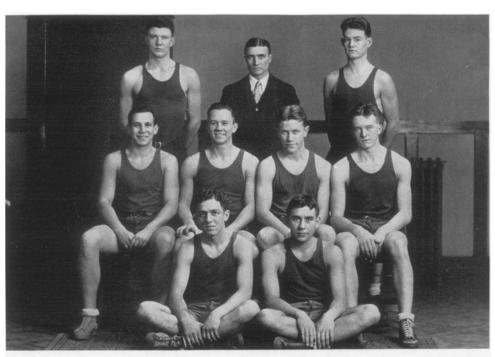

Freshman Basketball

WITH the beginning of the winter quarter, approximately seventy-five reported to Coach Clyde Lamb for initial practice. Among this number there were several who attained local fame while playing with their respective high school teams.

After a week of practice the squad was reduced to ten men and they were drilled on some of the important fundamentals of the game. As the season progressed they were given a chance to show their ability against the varsity and become more accustomed to playing with their fellow team mates.

Much can be said about the ability of the men and the spirit with which they went into the game. We feel sure that with the experience they have received this year they will be of great help to Coach Lamb in moulding together a winning varsity aggregation next year.

Fencing Team

FOR THE past three years Ohio Northern has had one of the outstanding teams in the Ohio Intercollegiate Fencing Association. It is to be recalled that in 1930, our first year to enter official tournaments, the young swordsmen fought through the season with only two defeats, both suffered at the hands of Wittenberg. This brought the second-place cup to our trophy case.

In 1931 a different team arose from the dust of former battles. To make the story brief, our nimble fellows slashed through the year's opposition without a single defeat, winning decisively all conference and non-conference meets, resulting in our ownership of the championship fencing cup for the

season.

This year, Coach Deming's boys again showed fine work, having been fortunate in getting most of the varsity squad back. During the Wittenberg, Cincinnati Tournament, however, they lost their elected captain Bob Chandler, who was forced to leave school due to illness, and were driven to defeat at the hands of both teams. The team reorganized and appointed Haber as captain. The boys again succeeded in winning second place in the conference.

Eight men comprised the team this year including Bob Carrier, Dan Haber, Francis Dowling, John Studer, Eddie Teple, Louis Roraback, Walter

Moore, and Curtis Johnson.

Baseball 1931

OHIO CONFERENCE CHAMPIONS

COACH MILLER closed his coaching career at Northern by putting out a team that held the undisputed championship of the Ohio Conference, winning ten out of eleven games played.

Baseball teams at Northern have always rated among the best in the state losing only three out of the last twenty-three games played, at the same time meeting some of the toughest competition in the state.

With Swede Melkerson on the pitching end and Russ Milburn doing the receiving, Northern had a battery that was hard to beat. The hitting of Uhl, Smith and Milburn was one of the highlights of every game while the fielding of Archibald, Barry, Stein and Santaga earned for them a well deserved place on the team.

Red Barry and Lynch did the relief pitching and pulled many a game out of the fire with timely pitching when the occasion arose.

In Melkerson the Bears had one of the best prospects ever turned out at this institution. His extreme ability to fool the opposing batters and his all-around field generalship made him undoubtedly the most valuable man on the team.

SIVERLING ARNOLD BADALMENTI

O'HO NORTHERN'S track team has always made a very commendable record and has produced some outstanding track stars. At the present time, Ross Siverling, star dash man and record holder is one of Northern's greatest track men. He has participated in track for three years, 1929, 1930 and Captain in 1931.

Ross holds the Big Six record in the 100 yd. dash, holding the much coveted position for the past two years. He holds the records for the 100 and 220 yd. dashes at Northern with the time of 9.9 seconds and 21.6 seconds respectively as well as various other track records throughout the state.

Siverling at present is giving Coach Clyde Lamb an assisting arm and doing the boys a world of good.

HEDDERLY BROWN

The Future of Physical Education At Ohio Northern University

PHYSICAL EDUCATION, as it is called today can be said to have evolved from the Greeks whose endeavor was to perfect the body, discipline the mind and mold the character of the young by selective forms of physical activity. It was a part of the educational systems of Greece for the youth and grown man to participate in all forms of athletic events properly fostered and administered.

Students at Ohio Northern University are required to complete six quarters of physical education before graduation. To this end they are charged a fee of two dollars per quarter. What should the student receive for this expenditure of time and money? Certainly it is not merely the privilege of watching a few highly trained athletes perform in intercollegiate competition. The modern student wants something more than an opportunity to become a spectator; he wants to be given an opportunity to perform.

The program of physical education should furnish an opportunity for all students to participate in a maximum number of recreative sports. The student should be given an opportunity to develop skills, techniques and attitudes toward daily recreation which will enable him the better to enjoy life not only while he is attending college, but also after he graduates from college. As an individual learns to properly execute the skills of an activity he also develops an attitude toward that activity. The attitude he develops has considerable effect upon the amount of time he will later spend upon that activity. If he can do a thing well, he will want to do that thing at every possible opportunity.

College physical education is a vital question in the minds of all college presidents and of those college directors of physical education who are embued with high ideals for physical education and hope to see it take a legitimate place as an integral part of the general scheme of education. Ohio Northern is indeed fortunate in having an administration which desires a strong physical education program.

What part then does college athletics play in the modern scheme of physical education? Properly supervised and sanely conducted they play a very important part. They not only serve as a medium by which the athlete of ability finds means of expression. If, however, competitive athletics are desirable for the few men who are at present participating they are certainly desirable for the average man attending college. The present financial depression has proved a blessing for inter-collegiate athletics, since it has placed them upon a sane and more business like basis. It has already shown college administrators just how much they were paying for inter-collegiate sports

and has helped them to realize that the money spent for such inter-collegiate competition is far greater than the amount expended upon the great number of students with average athletic ability.

Intramural athletics are rapidly beginning to catch the fancy of modern college students. Ohio Northern University wishes to keep inter-collegiate athletics upon a sane basis and at the same time increase the opportunity for widespread intramural competition. This does not mean the entire elimination of all varsity sports, but it does mean a careful curtailing of such activities that are not serving a sufficient number of students.

It means also a more careful conduction of such inter-collegiate activities so that greater facilities can be obtained for intramural competition. The department of physical education is trying to attain this end by a wise expenditure of money for inter-collegiate athletics, thereby increasing the facilities for intramural competition. Such facilities will include: 3 outdoor playground diamonds with back stops; 2 outdoor handball courts; new back stops for the tennis courts and 10 new tennis courts; 2 outdoor volleyball courts.

Athletics should be made an integral part in the life of every student in college. Fraternities and independent organizations upon the campus have long expressed the desire for more intramural competition but have often bemoaned the fact that they were too occupied by late afternoon classes and laboratories. When physical education can become so incorporated in the college curriculum that every student will have at least two late afternoon periods per week in which he or she can be free for recreative and competitive intramural sports, a great deal will have been accomplished.

INTRAMURAL SPORTS

ARNOLD

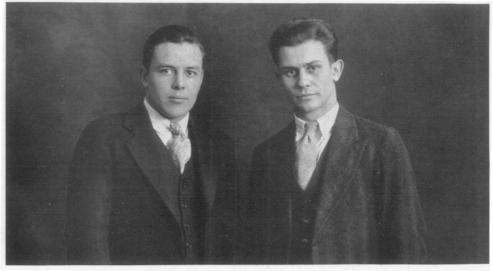

WESTCOTT

Horseshoe

THIS SPORT was the first intramural contest of the year and proved exciting in that every fraternity on the campus was well represented. The Theta Nu Epsilon boys nosed the Kappa Psi's to win by a small margin.

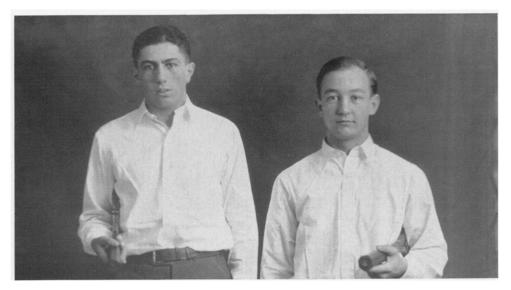

Handball

THE DELTA SIGMA PHI'S met a lot of stiff competition before they were finally able to win out. Although a minor sport, considerable interest was taken and resulted in many a heated match.

WAGNER

Hawes

GARMON

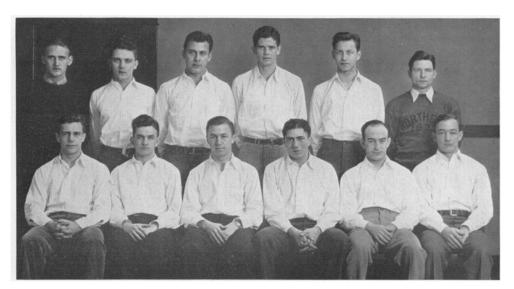

Spisak

Tennis

W ITH THE beginning of the spring quarter thoughts turned to tennis with racket wielders from every fraternity responding. A number of good teams were entered and resulted in close matches. The Theta Kappa Phi's came out in first place with the Kappa Psi's, New York Club and Sigma Pi's tied for second.

Baseball

THE THETA KAPPA PHI's successfully defended the interfraternity league baseball championship by defeating the Theta Nu Epsilon team in the final game of the title playoff. The pitching of Joe Carmosino was outstanding and proved a little too much for the other Greek letter teams.

Top row, left to right: Vincke, Scheer, Carmosino, Quinn, Knostman, Barry First row: Dimond, Gallagher, Sieferd, Garmon, Corso, Spisak

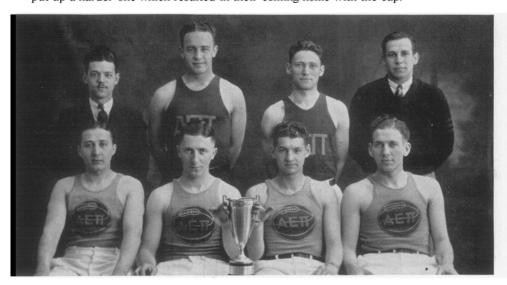

Second row: Finer, Schneiderman, Siegel, LeVine
First row: Warren, Vinocur, Camin, Levine, Greenstein

Basketball

This is perhaps the most outstanding of all the intramural sports and Taft Gymnasium has been the scene of many a hectic battle. The season opened with the Alpha Epsilon Pi, Sigma Phi Epsilon, Kappa Psi, and Theta Kappa Phi teams rated as slight favorites. The first half of the season ran true to form but later unexpected upsets developed and left the Alpha Epsilon Pi's with a clear title to the championship by winning ten straight games.

Volleyball

THE ALPHA EPSILON **Pr'** swere also victorious in what is perhaps the second most outstanding interfraternity sport. The fraternities entered put up a hard fight but the A. E. Pi's put up a harder one which resulted in their coming home with the cup.

Top row, left to right: Finer, Swartz, Fish, Cohen First row: Levine, Greenstein, Schneiderman, Warren

Track 1932

Theta Nu Epsilon won the 1932 intramural track championship in the best intramural track meet Northern has had for years. Theta Nu Epsilon had 63 points while Sigma Phi Epsilon, the closest contender, had 49 points. T. N. E. has yet to lose a track championship, having won it seven straight years.

Top row, left to right: Allen, Lenhart, Carpenter First row: Brown, Sandrock, Conde, Piotter, Arnold

Volleyball 1931

THE LADS from the Theta Nu Epsilon house defeated the Sig Eps in the last minute of play in closely contested battle. Due to their superior heighth they were able to finish the season undefeated. Theta Kappa Phi was runner up.

Track 1931

THETA Nu Epsilon won the 1931 intramural track championship by amassing a total of 62 points. Sigma Pi, with 29 points, was the closest contender.

Top row, left to right: Wyandt, Piotter, Cox, Arnold, Bowen, Westcott First row: Dougherty, Sandrock, Francis, Hansen, Larson

WOMEN'S SPORTS

W. A. A.

THE WOMEN'S ATHLETIC ASSOCIATION is an organization which offers to each woman on the campus a plan of supervised recreation. W. A. A. is in no way a part of the regular physical education program. Participation is open to all the women on the campus interested in athletics. Its primary purpose is to create a spirit of play for play's sake, at the same time developing physical skill and encouraging a feeling of cooperation and friendliness among the participants.

In addition to providing recreation and physical activity for university students, the Women's Athletic Association aims to encourage friendliness, enthusiasm, and sportsmanship. Among the most interesting this year was the

Sports Dance held in the Armory, and the annual W. A. A. Revue.

Each year the W. A. A. sponsors a High School Play Day. This year the Play Day, which was held in the Fall, was a splendid success and afforded the Northern co-eds the opportunity of acting as hostesses to representatives from all the high schools within a fifty mile radius. This event serves to stimulate among high school girls an interest in college women's athletics.

W. A. A. is instituting this year what we hope will become an annual custom at Northern. The Association is going to offer a scholarship to the high rating Junior majoring in Physical Education. The recipient of this award must be outstanding on the campus for her scholarship, athletic ability and leadership.

BUREAN, MARTIN, HILTY, MILLER, MEAD, LEVENGOOD, LANGSHAW, McGINNIS, SMULL

White Sweaters

C HORTLY AFTER W. A. A. was organized on the campus a system of awards for points received was worked out.

For the first three hundred points received a co-ed is awarded a white sweater with a large blue "W" on it. To receive one of these sweaters is quite an honor as it not only acknowledges that the required three hundred points have been won, but also that the person awarded has been outstanding in the athletic association and the activities connected with it.

The endeavor of the white sweater awards is to promote interest in the development of women's sports and athletic activities. In this it has been very successful.

Tap Dancing

This club was organized in 1929 originally for women but so popular did it become that several classes were organized. So if you're six or sixty, man, woman or child, it makes no difference, there's a tap dancing class for you.

Under Miss Bruckheimer's able instructions we expect to produce some good material for Mr. White's "Scandals" or Mr. Ziegfeld's "Follies." Our only trouble now is to try and make George and Flo feel the same way about it.

Our talent was ably exhibited at the W. A. A. Revue—Who says we can't dance at Northern.

Langshaw, Genevriere, Dressing, Mead, Reed, Poor, Kump, Leatherman, Martin

Top row, left to right: Dressing, Sunderman, Wilson, Neiswander First row: Schubert, Leatherman, Thompson, Mead, Read, Rimer

Swimming

Swimming at Northern has been ushered into the limelight this year, although co-cds are still hindered by not having their own swimming pool. This much deplored fact did not cause the members of W. A. A. who were interested in swimming to give up hope. They merely wrapped up their suits and towels and went to Lima where they could splash to their heart's content in the Y. M. C. A. pool.

This year a large number of girls not only learned to swim but also a great deal about life saving. O. N. U. students need no longer fear death through drowning, for co-eds will be on hand for all rescues.

Open Road

HAT CAN BE more enjoyable than a long hike, and at the end of the trail a real honest-to-goodness camp feed with plenty of tasty food? That is one of the many joys experienced by the "Open Roaders. Then too, there are overnight hikes which everyone enjoys, especially when you wake up in the morning to the tune of sizzling bacon and eggs.

Last spring the "Open Roaders" acquired a cottage just five miles from town, where we can hike out and stay for a week-end and really enjoy the great open spaces.

Top 2004, left to right: Wilson Raabe, Smull Second 2004: Arbogast, Tallman, Lewis, Neiswander, McGinnis First 2004: Herrick, Sunderman, Smila, Burean, Reed, Loy

First row: Goodman, Ray, Leatherman, Judkins, Landon, Young, Smull, McGinnis, Arbogast

Volleyball

LTHOUGH usually classified as a minor sport, volleyball is of great importance to Northern women. There were eleven teams entered in the tournament, four sorority teams and seven independent teams. The game had won such fame and popularity that the co-eds commuting organized a team and played at noons, not to be outdone by their resident sisters.

The last night of the tournament found three teams tying for first place. The Thetas, Tau Kappas and the sophomores mixed team. The tie was played off with the Thetas winning the sorority cup, and the Tau Kappas a smaller cup.

Basketball

HROUGHOUT the years basketball still remains one of the most favored of women's sports, although, like the majority of other schools Northern no longer has a girl's varsity team. Since basketball for competition is much more interesting to girls than basketball for the game itself we decided to have an intramural tournament.

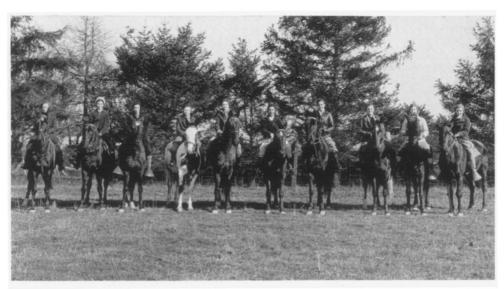

Seven teams were organized of four sorority teams and three non-sorority teams. The competition was keen and it was only by a small margin that the Thetas won the sorority cup. The Pick-Ups won the individual medals as the champion independent team.

The contest among class teams resulted in the sophomores being acclaimed the victors

and the first team to have their names engraved on the plaque in the Northern trophy case.

BRUCKHEIMER, DRESSING, TALLMAN, YOUNG, TEMPLETON, SMULL, WILSON, ARBOGAST, MITCHELL, COLLETT

Horseback Riding

orses! Horses! Crazy over Horses! That's Northern's new theme song. When the co-eds had outgrown the plebian amusements afforded by the village, they immediately betook themselves to the neighboring city of Lima where they could indulge in the more sophisticated pastime of horseback riding. However, their beauty and charm was of such power that after a short time they succeeded in inducing Captain Eddy to remove his trusty steeds to Ada. The result was that any morning now you can look out your front window and see some sweet young thing out for an early morning canter.

Tennis

N THE FALL OF 1929 a group of girls belonging to the Helen Wills cult organized themselves into what later became known as the Tennis Club.

To be a good tennis player is one of the main aims of many girls as tennis has always

In the spring let a young man's fancy turn to what it will but the young woman's turns to tennis—somewhat. Anyway, there are always about three times as many co-eds playing a "love game" in the spring and we don't mean on the davenport either.

For Fifty Years

OR THE PAST fifty years we have helped lawyers everywhere to greater success through the publication of THE ANNOTATED REPORTS SYSTEM, the units of which are as follows:

American Law Reports
Lawyers' Repc rts Annotated
American Decisions and Reports
U. S. Supreme Court Reports, L. ed.
British Ruling Cases
and
Ruling Case Law

During that time thousands of attorneys have taken advantage of our liberal finance plan which places these necessary working tools within the reach of the neophyte as well as the veteran at the bar.

On all matters pertaining to library building consult us.

Strange Intruder

(A five act play with dinner between the china cabinet and the radio.)

Scene *I—Paul Heltman's room.* (Yes, *the* Heltman of the Review staff. What, you never heard of him—oh well!)

Heltman is seated at a desk intent on the perusal of a large law book. His very manner strikes one as if to say "Here is a man among men." Books in orderly rows line the three walls from floor to ceiling; the room is a triangle. The windows are frosted over; it is bitterly cold outside; as a matter of fact it is cold in the room. Perhaps more so than outside; we don't know, we're only writing this play.

Servant—"Marse Paul, deys a lady wants to make speech with yo."

PAUL—"Oh, shoot, just as I was becoming engrossed in Torts. Hang it all anyway, heck, always a woman." (Aside) "Well, I hope she's a pretty-pretty whoever it is."

Goes to phone.

"Halloo"

Voice—"Hello, Paul, this is Betty Templeton. The Thetas are going to put on a show to make some money to get our Victrola fixed. Would you like to help us out?"

PAUL—"Oh, surely, my thespian abilities are available at all times to any good cause. I'll call Ed D'Isa and we'll arrange a burlesque on Joan D'Arc."

Betty—"Okay, Paul, I'll be seein' ya." (Aside) "Nertz, I thought maybe they'd give Scarlet Sister Mary. Wouldn't D'Isa look funny in blackface?"

(INTERMISSION—Dinner)

During this time Heltman calls D'Isa. They have hoods made at Detricks, robes from Deming's, hardware by courtesy of Vincent Axarelli and play is resumed.

PROMPTER—"Batter up" (Aside) "Wonder if I could date that Arbogast femme, she's a good-looking blonde but she and Hindall are too much that way about each other. They'll be middle-aisling it together some 'day. Okay, Los Angeles! Luckies are kind to your throat!"

Sandrock—"Hey, Hedderly, did you get your tuition this quarter too?"

EDITOR'S NOTE: (We're not responsible for the extra people in this cast, they popped in with the rest of the Northern Players.)

HEDDERLY—"Well, its like this. I figure that if I work sixty-five hours a week at three cents an hour—

Sandy shoots Hedderly, as he falls Nig shoots the prompter. Miss Smila of the South Main Street Smilas saves the day by shooting Sandrock. Major Deming gives himself up.

D'Isa—"Ah, Joan my dear, you are as delicate as a cellophane shade from a spotlight, do not tear my heart to shreds by endangering your fragile beauty." (Aside) "Wish we had that new ventilating system on this stage."

Joe Weiss (from the audience) "That's nothing. This fence is six feet high, six hundred and forty feet long—"

This has gone far enough.

Prexy walks on the stage, shoots Heltman and D'Isa, the rest of the cast takes poison, and the audience walks out, boys first as usual.

CLIMAX

Note in society column of Review: Phi Chi, Tau Kappa Kappa, Xi Beta Chi, Sigma Phi Epsilon, Theta Kappa Phi and Phi Mu Delta take great pleasure in announcing a conjoint dancing party at McCurdy plant Tuesday evening. Music by a victrola found on corner of University and Gilbert. Please bring your own records.

THE END (Aren't you glad?)

beyond approach, and everyone on the campus must bow in respect to them. The unsatisfactory list seems to be their honor roll. "Chivalry" to them is just a fairy tale to be laughed at. Ask the ladies.

The pealing, pensive pi-eyed pipers, better known on the campus as Sigma Pi's are presenting a very original part on the program. Please don't mistake them for the Tramps Club, for that is just their particular mode of dress for the strenuous work that they must do on the campus. We must give them a big round of applesause for having Porosky in their midst.

The esthetic, exceptional, examplfying A. E. Pis tell us that they have a bit to add to our program. Their prominence must be accepted,

for they did win the Intra-mural basketball cup. Probably there will be a fire-sale of birdcages to fit their domes.

We will now hear from the tactless, terrorizing, tea-sipping T. N. E.s, who will sing a little ditty entitled "Somebody loves me, I wonder who." But here's a big Greek secret that leaked out. Their motto, T. N. E. translated means "Thirst Never Endeth." They have conceived the idea, since they are in possession of most of the athletic cups on the campus that they are big, rough and tough he-men. Don't get excited folks, that is just their conception.

The audacious, awesome, avenging New York Clubbers crashed through with the Intra-mural cup for basketball last year, and they

have been celebrating every since. Up to the present time, they have not had time to express their presence on the campus. The blare of their orchestra suggests, "Hail, Hail, the Gang's half here."

The delicate delicious didlers have become famous for their didling in high scholarship. Don't tell me you don't know who they are! The Phi Mu boys should be ready to cut their curls and discard their frills, and become real he-men soon; or must they remain unique. One of the brothers is going to give a talk on the "Technical Points of Ping Pong" so that all might become champions.

This certainly has been a male program so far, but we just can't keep the ruminating romonas quiet any longer. The coy, capturing,

but the entire house, in a very one sided debate. Too bad, we miss you.

One of our most attractive romonas, Miss Delma Spratt, will give an Ernest talk on "The Proper Method of Breaking Men's Hearts." She is a fair example of the synical social saps of the campus, Theta Phi Delta. The girls asked me to announce their style show which they are are planning to give in the near future, in which they propose to show the audience the dresses that men like best.

Look out! Here comes the drastic driving dynamic Delta Sigs. They will ruminate over the strains of a mystic melody—I will permit you to guess the name of it. A stick of black jack chewing gum will

be sent to the winner in this contest. They will follow the screaming with a syncronized lecture on agriculture. I understand that the title will be, "The Proper Care that Should be Given Pansies." Did you hear about them winning an Intra-mural cup for hand-ball? The first one in five years. However, they will have to be given the credit of throwing the first dance on the campus, and also, the first formal on the campus which was a dinner dance at their house.

The beautiful buxom belles, the Xi Beta Chis will render a number of spirituals the first being entitled, "Nearer My Boyfriend." They wish for me to announce that their dancing academy will be open

during house hours. Everyone who can already dance is advised to stay away. The girls offer a guarantee that their students will be terrible dancers. One of the girls will now recite a beautiful ballad entitled, "Necking is wrong, but what else can I do."

The uncouth, undilligent, underdressed Kappa Psis just appeared. We are wondering what they can offer, in the line of suggestions as to new and improved ways of making sandwiches. The yellow lemon rollers are so wrapped up in their filters and chemical changes that even alcohol acts as a catalyst for them.

These kapricious, kapable, katy Tau Kappa Kappas are really

on the campus, although you don't hear so much of them but you are going to now. They are very popular, in their quiet way, for, living at home puts no restrictions on their hours. In this manner, they are able to rate regular dates. Although they do keep late hours, they manage to maintain high grades, for the profs do not relish an argument over the back fence with the parents of one of their students who happened to be below the class average.

Our worthy listeners, we wish to present to you the froth of the campus mugs, the prominent, prognostic, profligate Theta Kappa Phis. Really these boys have peculiar ways and are hard to be understood

—but what girl wouldn't be thrilled to have a date with Bob or Tom? They will now give some of the best bar recipes obtainable, for they don't want the other frats to think that they are selfish. Get your pencils and papers ready—here comes their favorites.

Boys, boys! Not so much noise. Shut the door, you're not at home now. Ladies and gentlemen of the radio audience, allow me to present for your disapproval, the conceited, ceremonial, chivalrous boys from the south, whose motto is "We are the Sig Eps; we're good and we know it." They told me a secret just before they entered the studio, and I am going to dare to pass it on to you. Do you know

why they live so near the edge of town? That is to save the University time when they are kicked out because of scholarship. They tell me that experience is the best teacher, and they must be carrying out that theory, for they sure didn't get much of their education out of books. Their palatial place is the home of mysterious happenings, the big mystery being, what do they do with all their spare time?

And so, listening to the theme song of the organizations of the campus, "Sweet and Lovely," sung by the entire ensemble, we **ask** our public to forgive us for our annihilating animated announcements, and remember that this is only Beau Hunk doing the rambling.

"Profs may come and profs may go, but Mrs. Whitworth goes on forever." This is no chant to be sung beneath an open window for the sole purpose of disturbing the occupant of the room. If it were, the room chosen would be the Registrar's office, and the person, the lady whose name is mentioned in the ditty. But the student responsible for the millioneth repetition would put the sound of appreciation on every note.

Perhaps elaboration on the title of this sketch is needed. It is merely to depict the transformation that takes place in the office when the august lady explains patiently in dulcet tones that "We'll do everything we can." There is an indefinable something in her assurance that gives the hesitant student a new confidence in the humanity of college administrators.

Always gowned with taste, she commands additional attention with her wealth of white hair, a combination that is striking to every one with the appreciation that comes from a study of contrasts.

No student ever confides his troubles to this lady expecting to get something he didn't earn. But it is balm to the injured heart to be graciously received and still better, graciously dismissed.

She has a place in our hearts.

Chapelle Moderne

Like Waterloo to Napoleon, like Bismarck to France, like Japan to China and like the Depression to installment buying, the chapel rearrangement has come to Northern.

It won't be long till the old timers will say "Why I can remember back when all the fellows sat together and when we sang "Faith of Our Fathers." Hotcha, did Dean Raabe look funny on that chorus volume? Those were the good old days."

But then with all the dissension about the rest period going modern who are we to find fault? Isn't it true that in keeping with the forward ideas of the college we now have most of the administrative officials housed in one building? Segregated as it were. If the student body as a whole does not represent the modern trend of education as fully as it could it is only fitting and proper that those who do should be housed together under one roof. In the first place it saves lots of steps for the post lady. In the second, place, but sail on Lombardo the shades of night are falling. Crashbang.

Well, feeling as we do about the whole matter we shall endeavor to justify this change. In the first place, it will promote more social contacts. Who is there, man or woman, that ever felt quite right about yelling across the aisle, or for that matter yelling clear across the auditorium for a date? Not a single person! All right, now isn't it a simple matter to nudge the girl next to you and broach the subject? Sure, its almost too simple. Then, too, it cultivates one in the art of small talk. This new arrangement completely eliminates the necessity of such guys as Fred Johnson or Deke Gallagher assuming master of ceremonies roles and suggesting charades as an interesting game for lagging house parties. There's nothing in the world so valuable as small talk. You know, simple things like "Have you read any good books lately" or "What is your frank opinion of Telegony?" Of course it may eventually reach the point of sheer innuendo, but then that is better than no innuendo at all, or is it?

Another thing, with the male and female of the species all mixed up this way, it brings the women one step closer to their independence. They never wanted all the politeness that was always shown them in former days when they arose first in dismissal. Women vote and play a losing game in the stock market the same as men. (Is my face red, Auburn at 514 in 1929 and 82 now and me holding the sack for 775 shares). So now the women are getting a big kick out of the whole idea. Of course, now and then one gets tramped in the rush, but like a true martyr to progress, she never utters a sound.

We feel that ultimately there will be a big response of ayes to the new seating system and that it will play its part in lifting us out of the chaos of despair into which a great majority of us have descended. It is only too plain that we are taking too frequent submarine adventures into educational nonentities. Yes, Premier, the University is fundamentally sound.
